CHRISTIAN SCIENCE

That human progress rests upon mankind's understanding of the wholly spiritual origin of man and the universe will be brought out in her Lesson-Sermon entitled, "God the Only Cause and Creator," which will be read at Christian Science services Sunday.

Among the selections from the Bible, King James Version, the following will be read: "Hast thou not known? hast thou not heard, that the everlasting God, the Lord, the Creator of the ends of the earth, fainteth not, neither is weary? there is no searching of his understanding." (Isaiah 40:28).

This passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will also be among those read: "Spiritual causation is the one question to be considered; for more than all other spiritual causes it relates to human progress. The age seems ready to approach this subject, to wonder somewhat the supremacy of Spirit, and at least to touch the hem of Truth's garment." (170:22)
