Dear Santa,

I am a little girl 21 months old. I was born in Oxnard, California. This is my first Christmas in Ky. I live in Carlisle. My Mommie and Daddy work. My Mamaw and Grand Dad Terrell keep me. So you can leave any of my things out at Mamaws or at my house in Carlisle. Remember I saw you Thanksgiving in Champaine, Ill. With my two little cousins Tarry and Steve Pruett. We all told you what we wanted. They say you won't forget. Don't forget mommie and Daddy. They have been good to. Also aunt Nell aunt Della and uncle Roger. Also my Mamaw and Grand Dad Terrell. I'll be a good little girl.

Love to you,
Barbara Jean Terrell

The Carlisle Mercury

Babson Doesn't Believe Business Will Drop 10%

I do not now believe in the theory of most economists—that business will fall off 10% in 1954, with a greater decline in net earnings. My feeling is that everyone will unite forces to hold up business, at least during the first half, to its approximate 1953 average. This can be done by expanding research, increasing advertising appropriations, extending further credits, and obtaining labor's cooperation.

But, I say something much more important than the above; namely, **if business should slump 10%, the decline would probably not stop at 10%.** Too many business concerns and individuals are working on a very narrow and slim margin. The decline in employment, with resulting business losses which a 10% decline in gross would cause, could result in millions of families being unable to pay their bills and mst. finest obligations. This could set off a chain reaction, which could send business down 10% to 30% more, with a corresponding decline in the stock market, commodity prices, and real estate. In this latter case, the Eisenhower Administration would suffer as did the Hoover Administration.

In view of this possible serious alternative, I have contacted the leading newspaper publishers as to the attitude of their respective communities. Of these, over 970 have replied as follows. The people of 30 communities are discouraged and want to liquidate; 297 communities are optimistic and want to buy and invest more; 643 are now content and "in a strong position, but are waiting until they see how 1954 develops." Due to the results of this survey, I believe the chances are ten to one that at least the first half of 1954 will be fairly good.

Below are 25 definite forecasts, which, in any case, should prove correct for the first six months of 1954. My forecast for the second six months will appear in this paper next june.

1. There will be no World War in the first half of 1954.
2. The Dow-Jones Industrial Stock Average will be less on June 30, 1954, than on January 1, 1954.
3. Taxes will be lowered by enacting laws.
4. The price of most commodities will be lower on June 30, 1954.

Honeymoon Over

5. The Eisenhower "Honeymoon" is fast ending and he will have a hard time controlling Congress during the next six months.
6. Retail sales can be kept up by manufacturers and merchants spending more money on advertising, selling, and developing new products.
7. The U. S. population will continue its present growth and the best prospects for sales in 1954 will be the "teen-agers."
8. Interest rates during the first six months of 1954 should average about as at present, except on the renewal of low-rate loans.
9. Farm lands, except near cities, will sell for less during the first half of 1954, when farmers' profits will begin to decline.
10. The Central and Southwest will not suffer thought as in 1953
11. There will be more fear of World War III as years go on. People will gradually move out of large cities. Nearby farm land will be split up. A rise in the price of such fringe farm land is certain.
12. The U. S. Government will give less money to the European and other nations **direct;** but will put more through the United Nations.
13. There will be fewer employed next June—the total take-home-pay will be less—than June. This, however, may be a good thing for the morale of the nation.
14. The present Administration will suffer much opposition to attempts to reduce tariffs if profits decline or unemployment increases.
15. The Administration and the Labor Unions will try to revamp the Taft-Hartley Bill during 1954; but bad strikes are coming.
16. I am no weather prophet, but experts expect a warmer winter for the eastern portion of the U. S. and a colder Florida.
17. Canada will continue to boom during the first half of 1954, but this may be a good time to take profits on Canadian investments.
18. The above may also apply to Southern California and its airplane and movie industries. Both may have reached their peaks for the present.

Cars Harder To Sell

19. Automobiles will be harder to sell and easier to buy during the first half of 1954. Both the automobile stocks and the cars will be in less demand. There will be more bargains in used cars, discounts on new cars, especially cars of the independent manufacturers.
20. Florida may have killing times during the next few months. It will cheer up California, Arizona, and Texas.
21. The Korean situation will remain about as it is—as the China man says, "much talkie, no shootie."
22. There will be one or two resignations from the Eisenhower "Businessmen's Cabinet," replaced by "politicians." All is not going too well. The President is not used to being pressured by lobbies.
23. The first half of 1954 should be your best time to get out of debt or at least reduce your debt. Remember that most bankers are in the business of loaning umbrellas when the sun is shining, and calling them in when it rains." Moreover, you cannot blame them because the umbrellas really belong to the depositors, who also will want them on rainy days! Operate so you can clean up bank loans **once** during 1954.
24. The companies which will prosper most are those which have inaugurated effective labor-saving programs. Most manufacturers are winning only as they purchase new labor-saving machinery, spend more money on research and on well-directed advertising.
25. There may be some further inflation in 1954, but percentage-wise to the total national output it should not help the stock market.

What Will Eisenhower Do?

I have promised to answer the following two questions:

1. Is Eisenhower to take the advice of Assistant President Adams, representing certain Republican leaders, and turn to the left? Or, will he stick to his conservative election platform?

ANSWER: He will stick to his election platform.

2. To put the question in a more practical way: Will 1954 be a year of reform and economic adjustment as promised by President Eisenhower, or will he give the country more inflation, and further play Santa Claus to labor, farm, high tariff and other groups?

ANSWER: He is learning that "economic reforms" must be gradual.

3. Will he run the risk of losing Congress in 1954 and the election in 1954 for a matter of principle, as did Hoover in 1932? **Or, will he succumb to the temptation of changing his policy with an attempt to "save his party."**

ANSWER: He will run the risk of losing Congress in 1954, and the chance to run again in 1956.

4. Is a "middle-of-the-road" policy practical? Will it serve both groups, or no group?

ANSWER: Yes, it is practical for working a gradual change, and it should serve both groups.

Can You Identify This Mystery Farm Photo?

Picture Published Last Week Was Farm Of Hiram Toodvine

Seemingly quite a few people were able to recognize the mystery farm picture published last week in that of the farm of Mr. and Mrs. Hiram Toodvine in the Hooktown section of Nicholas county.

Several comments were to the effect that, "you'll have to pick out harder ones than that." Being that The Mercury had no contest over the aerial photographer who took the pictures, we'll publish them as they come and hope some will stump you.

In taking the "mystery farm" photos, the photographer flew back and forth across the county selecting farms at random. It may be that some of the pictures will be very easy to identify, but everyone recognizing the farm is asked to call or write The Mercury.

As soon as a farm photo appears in the newspaper, the operator of the farm will receive a beautiful 5x7 enlargement of the original photo free, but he will have to call in person and identify the farm first.

The following people called or wrote The Mercury identifying last weeks picture: Mr. John Barnett, Mrs. Rainey Smith, George Carter, Stanley Galbraith, Hampton Pinkstone, Mrs. Maurice King, Mrs. Sally Gaines, Joel Bramblett, Ed Buckler, Homer Hillick, Charlie Hamm, Mrs. Elmer Dampier, Mrs. L. C. Morris, Mrs. Fred Hollar, Mrs. Warner Lowe, Oral Hollar, Nelson Fryman, Joe F. Suggett, Mrs. E. H. D. Allison, Henry Peters Jr., Mrs. Rella Scott

Nicholas F.F.A. Reaches Quota In State Fund Drive

Nicholas county was the second county in the Northern Kentucky District to be added to the state honor roll when lists 30 counties which have reached their quotas in the Future Farmer Leadership Training Center Fund drive.

Over one-half of the $250,000 state goal has been subscribed and Kentucky is assured of a training center for its youth second to none in the nation.

Anyone who wishes to make a contribution should do so this week because the drive will end as soon as all committee members turn in their receipt stubs. The final report for this county will be made January 11 according to John Alexander.

Since the last progress report the people of Nicholas county have contributed $406.50 making a total of $1887 subscribed to date. This does not include Nicholas county's part of $3,000 contributed by Kentucky Utilities or any large donations made at state level.

The following is a list of contributions made since the last report.

$100 Donors—First National Bank of Carlisle. $50—Carlisle Southern States, Dampier Motors. $25—Mr. and Mrs. Frazier Earlywine, Alpha Brierly. $10—G. E. Duncan & Son, Coe Oil Service, Neals Square Deal, Stanley Galbraith & Son, Roy Blount, Joe Blount. $5—Louise McCarty, Wilma Rue, F. A. Weaver, Donald Jenkins, Hampton Faulconer, Joe Aaron Smith, Rose's Store. $2.50 —J. M. Pitman, Stanley Caswell, R. L. Pitman, Elmer Hammonds. $1—Charles Shrout, Leroy Leet.

HAS FOOT AMPUTATED

Mr. James Smoot of Turneman avenue who has suffered with diabetes for some time, had to have a foot amputated. The member was removed just above the knee at the local hospital Saturday. His condition is reported good.

Blue Jackets Win Games At Paris

Monday the Nicholas County Blue Jackets treated the Fleming Panthers 72-56 in the opening round of play of the first annual Pioneer County Athletic Conference being held at the Bourbon Vocational gym at Paris.

In their second tournament play the Jackets five by the Panthers won by a two point margin 48-46, which placed them in line to play the winner of the Clark County-Bourbon Vocational game that played Wednesday night at 8:30.

BEGINS NINTH TERM—John F. Sugg, veteran county clerk will begin his ninth term as Nicholas county clerk on Monday, January 4. The last 20 years have been consecutive. Mr. Sugg held office from 1910-22 and from 1934 to the present.

Notice To Subscribers

If you do not receive your copy of The Mercury at its regular delivery time, phone 98 and an additional copy will be sent you. If you live outside the county, drop us a postcard and we will send you another copy. Only then will your prompt reporting of missing papers, can we be sure that you're getting your Mercury. Remember that phone number, 98.

Downing Wins $10 In F.F.A. Tobacco Sale At Cynthiana

The Nicholas County F. F. A. took part in a seven-county tobacco show and sale at Cynthiana Friday, December 18.

Members from Harrison, Bracken, Pendleton, Nicholas, Scott, Robertson, and Grant counties participated.

Forty-one F. F. A. crops weighing 54,392 pounds returned the growers $29,597.07 and 48 4-H crops tipping the scales at 40,740 pounds brought a total of $22,648.47.

In F. F. A. dollar-per-acre returns, Kenneth Downing of Harrison county took top honors with $1,462.84, followed by Clarence Jones, Pendleton with $1,282.90 an acre.

Nicholas Corpo

Nicholas county F. F. A. members sold seven crops weighing 7,084 pounds for $3,885.87.

Jimmy Lee Dobbsing was the $10 first prize with $1,184.95 income per acre. He produced 766 pounds on 4 acre which sold for $473.98.

Billy Keene Anderson won $5 second prize with $932.48 per acre.

Elmer Clavell $7 third with $804.80 per acre.

Vernon Wagoner $6 fourth with $751.22 per acre.

Ray Anderson $5 fifth with $706.45 per acre.

Turner Shannon $4 sixth with $369.83 per acre.

The chapter owned tobacco made the seventh crop but was not eligible for a county prize.

'54 Hunt, Fish Licenses On Sale

Kentucky fishing and hunting licenses for 1953 expire December 31 although the hunting season lasts through January 18, County Clerk Jno. Sugg reminded yesterday.

The 1954 licenses go for all of next year are now on sale at the clerk's office.

Competition Not Keen Enough For Local Postmaster Position

Tuesday, January 5 is the last day applications will be received by the U. S. Civil Service Commission for the postmaster position in Carlisle, Ky.

According to an announcement by the Commission in Washington, D. C., the number of applications received by that date has been sufficient for adequate competition.

The current examination was announced before the qualifications standards recently agreed upon by the Post Office Department and the Civil Service Commission. Officials of those agencies hope that the new examination will attract a larger number of well-qualified applicants than has been obtained in the past.

Application forms and further information on the examination are available at the post office. The forms must be filed by the deadline with the Civil Service Commission in Washington, D. C.

Xmas Decoration Winners Are Listed

Ford To Introduce New Y-Block V-8 In January

The new Ford 130-horsepower overhead valve Y-block V-8 engine—called by Ford engineers the greatest engine advance since Ford introduced its original V-8 22 years ago—will make its appearance in Ford dealers' showrooms early in January.

L. D. Crusoe, Ford Motor Company vice president and general manager of Ford Division," also announced that a new 115-horsepower I-block Mileage Maker Six, replacing the current 101-horsepower 6 cylinder engine, will become standard in the 1954 Ford passenger cars.

"Ford has built more than 16 million V-8 engines since the late Henry Ford introduced the first V-8 engine in the low-price field in 1932," Mr. Crusoe said.

"Together with the new and more powerful I-block 6 cylinder engines in the high volume field."

Polio Drive Starts Here On Friday

The Rev. W. R. Raborn Polio drive county chairman this week announced his community campaign directors for the 1954 March of Dimes fund drive.
