**BOX CARS**  
should be on the rails...  
When box cars are on the rails it is not necessary for the public who use passenger cars and small trucks to compete with the box cars to find space to operate upon the public highways.  
Another good reason why box cars should be on the rails is that the railroads construct and maintain their own roadways.  
The best reason of all, is that the railroads pay taxes on those rails and roadways which are used to build and maintain the county roads and to support the schools which the children attend.

**KENTUCKY RAILROAD ASSOCIATION**

**STANDARD OIL**  
NOW available!  
...the best gasoline ever sold by Standard Oil Company
