Festival Sidelites

Well, another Blackberry Festival has come and gone. The crowd, which started at about 3,000 Thursday night swelled to about eight or nine thousand Saturday night, and was said by old-timers to be the largest crowd in Carlisle since the big Democratic barbecue and political rally held here in either 1910 or 1911.

* * *

The Democratic rally was held in the Mathers Woods on the West End of town and carried both state-wide and national significance. Attended by national and state leaders of the Democratic party, the local barbecue was the kick-off rally for "Woodrow Wilson for President," a post to which he was elected two years later.

* * *

Most popular concession at this year's Festival was the "ducking" booth operated under the auspices of the Carlisle Volunteer Fire Department. Ball throwers were certainly hitting the target that dropped the man on the seat into a tank of water. One member of the department said he had have dropped into the water 52 times in the course of his two-hour stint, a rough average of about once every two minutes with time off for getting back on to the ledge.

* * *

Altho the Legion and the crowd were a little disappointed at not having the Governor on hand to crown the Queen of the Blackberry Festival, everyone will have to agree that Attorney General J. D. "Jiggs" Buckman did a top-rate job of crowning the queen, and bestowing the traditional kiss which he said "Gov. Wetherby sent."

* * *

The electric flag atop the courthouse was indeed an inspiring sight for those who came to Carlisle for the celebration and much favorable comment was heard concerning it.

* * *

That the kids had a great time at the Festival was borne out by the amount of interest shown in the contests and the fact that they had a good time playing "cowboy and Indians" with their hats and guns, given away by various purchasers at the Festival.

* * *

Bill Power and Ralph Shearer did a capable job at the "mike", keeping the crowd informed of the activities. Legion Commander John D Power, as usual the busiest man at the Festival, was again moving hither and yon keeping everything running smoothly.

* * *

The Carlisle Community Band turned in very creditable performances and received some well-put praise from Mr. Buckman, which they certainly deserved, not only from Mr. Buckman but from the entire community.

* * *

All in all, the Blackberry Festival was a crowning success. Bigger crowds, more concessions, more fun than any before. The community owes a vote of thanks and praise to the American Legion and its Auxiliary for bringing it to Carlisle and Nicholas County. The men and women responsible for such wholesome entertainment worked not for financial or personal gain but put their efforts into the celebration for the benefit of everyone. However, they should enjoy the personal satisfaction that comes with knowing that they have done a job very well indeed.

Council Opens Bid For Street Repair

The city council met in regular session Monday night and opened bids for the re-surfacing of Walnut street and the surfacing of Sycamore street extended.

The single bid came from the Cynthiana Construction Co. and stated that the scarifying leveling, base and re-surfacing of Walnut that it would be $2.00 per square yard. A form of blacktop bid was used.

For scarifying, leveling, basing, grading and draining and surfacing Sycamore extended the bid was at $1.60 per square yard. The street would have a two inch layer of blacktop.

Councilman George Gaffin, presiding in the absence of Mayor W. C. Talbert, called an adjourned meeting of the council for July 20 to invite representatives of the construction company to the meeting to clarify the bids.

A report on the progress of grounding the leaks of the upper lake dam was that the drilling company still had two or three more holes to drill and that the cost thus far ranged in the neighborhood of $2500.

During the operation, the workers found that the dam had a six-inch crevice in it from one end to the other and poured over 400 bags of cement into this crevice to fill it.

VFW AUXILIARY MEETING

The VFW Ladies Auxiliary will meet Tuesday night, July 14 at the club rooms on Walnut street and will begin at 7:30 and a potluck supper will be held.

Fiscal Court Raps Police Chief Wasson

The Nicholas County Fiscal Court at their regular meeting last Monday afternoon went on record in the form of a resolution condemning the attack City Police Chief Buck Wasson upon Leslie Gray, farmer, which occured in the court house yard one day last week.

Tobacco Support Set At 47.9 Cents

The 1953 price support for flue-cured tobacco was set by the Department of Agriculture Tuesday at an average of 47.9 cents per pound compared with an average of 50.6 for the 1952 crop.

Both crops were supported at 90 percent of parity as of July 1 of the years in which they were grown. Parity prices are down from a year ago.

According to the Agriculture Department, tobacco prices will be supported by loans made on the basis of official standard grades at a specified rate for each grade, with a guarantee of five cents a pound being paid for tied tobacco over untied leaf.

Loan rates will range from 73 cents per pound for top grades down to 14 cents for lowest grades.

According to the department some 497 million pounds of the types of leaf with a value of around 219 million dollars were placed under price support loans as of June 1. About 215 million pounds of this figure was of the flue-cured type.

Station Robbed Sunday Morning

Approximately $7 worth of pennies was stolen from Graves and Miller service station on the corner of Main and Sycamore streets early Sunday morning.

According to Walter Miller, owner, the thieves attempted to gain entrance to the station by breaking a window of the building on the Main street side of Sexton's. Failing to get in this way, they took a window in the rear of the station, reached thru the broken glass, unhitched the lock and climbed in.

Th. station was completely ransacked with contents of the main cash stream all over the floor The drawers were missing and some from the cash drawer and from a chewing gum vending machine which the culprits evidently got to the room 9

The station closed about midnight Saturday and the theft was discovered by Miller who opened up Sunday morning around 7 o'clock.
