NOTICE TO VOTERS
Despite attempts made to intimidate me, I am more determined than ever to continue my efforts to help in the election of J. Berry Burman to the office of Nicholas County Clerk in which event I may be named as his deputy clerk.

During the time I have served Nicholas County as its Circuit Court Clerk I have tried my best to fill that office with faithfulness and with courtesy toward all citizens. Because of the fact that the office of Circuit Clerk does not pay too well and the fact that I believe I could perform a good service to the people of Nicholas County in the higher position of deputy County Clerk, I believe it to be my right under the laws of our county to aspire to the better position in a free election.

I wish to take this means of stating to the voters that in my firm opinion Mr. Burman is highly qualified to fill the office of County Clerk in an efficient and careful manner.

I am glad to be associated with him in this race and to submit my own record as your Circuit Clerk as deserving of your trust as deputy clerk if Mr. Burman is elected.

No official can have a proprietorship over public office. Each citizen under the law has a right to seek public office. Because of the above reasons I earnestly solicit your support for myself and for Mr. Burman.

It stands to reason...
Chevrolet trucks must be the best buy!

Big truck users, small truck users, all truck users buy more Chevrolet trucks than any other make. It stands to reason Chevrolet trucks must offer more of what you want.

When you stop to think about it, the best proof of outstanding value in any product is continued public preference. That's the way it is with Chevrolet trucks. They're the top selling trucks in America today... for the month's highest production year.

This is a mighty important fact to consider before you buy your next truck. You'll also want to consider that, while Chevrolet trucks give you more features you want, it's the lowest priced truck line of all comes in and ticks it out with us.

ONE WAY — the electric way

Last week's leftovers will be "company dinner" tonight!

Working wives find freezers make meal preparation faster, easier, with less need for last minute, better-dinner shopping. Small families find quantity buying saves money, and that foods requiring cooking can be frozen in family sized portions.

Women with "part-time" help find it's just as easy to have two or three pies, or even whole meals, prepared at the same time, using a part and freezing the rest for quick and easy cooking and serving later.

See your dealer about a home freezer now. He has one to fit your needs and purse.
