Re-Elect

BLAKE

Nicholas County's Friend

He has gotten Nicholas County more Road Money than ever in it's history.

In 1937 before (Blake's Term) Nicholas County only received $40,554.30 for Roads while in 1952 with BLAKE as your Senator it received $252,136.67 plus over $300,000.00 on the Somerset road contract, for roads.

In 1937 before (Blake's Term) Nicholas County received only $26,004.00 for EDUCATION in 1952 with BLAKE as your Senator Nicholas County received $64,572.64 for education.

He passed the Soil-Conservation Bill, the R. E. A. Bill. He voted for repeal and reduction of the Income Tax.

Blake voted for six million dollars for Schools, Teachers Salaries and Welfare in one Special Session of the legislature.

When he became Senator the State was in debt 27 million dollars. Now we have a balanced budget and 12 million dollars balance in the State Treasury.

Blake has the full endorsement of the Governor, the Commissioner of Agriculture and the State Superintendent of Public Schools for another Term as Senator.

He is a deacon in the Carlisle Baptist Church and a member of the Carlisle Masonic Lodge.

He is a member of the POWERFUL RULES Committee.

He is Chairman of the Senate Agriculture and State Fair Committee.

He voted for the six new State Tubercular Hospitals, For Better Roads, Better Schools, Better Old Age Assistance, A Better Welfare Dept., the Absentee Ballot, Ex-Service Men's Act, Free Fishing Act, Teacher's Retirement and Increased Teacher's Salary, all FARM and FARM BUREAU Measures.

He fought for the SOMERSET ROAD. Ask Frankfort about it.

He knows the Business Man's needs and is one of the Farmer's best Friends.

His sixteen years legislative expeiereence will greatly benefit you. There is No substitute for Expierence.

His opponent offer no record nor promise any progressive legislation whatever.

Win Again With Blake

To The Voters Of Nicholas County

Now that the campaign is near its end, it is my honest opinion that I will win the election to the office of Tax Commissioner. This is an opinion in which I am joined by a large number of the voters throughout the city of Carlisle and Nicholas County. I sincerely hope that my race turns out favorably for me because I feel that my election to this important office will give me an opportunity to serve the people of Nicholas county with the care and impartiality of which I believe I am capable.

My pledge to each and all of you will be that I will take personal charge of all the duties of the office of Tax Commissioner and that I will exert every care to make assessments fairly. It will be my aim to give full consideration to each and every taxpayer in the matter of assessments.

I am glad to take this opportunity to extend my deepest thanks to the people of Carlisle and Nicholas county for the many courtesies extended me and for the hospitality with which I have been greeted in the homes, on the farms, and on the streets of Carlisle.

I will always consider my election/ in the event the people elect me as their Tax Commissioner, as a great honor and a public trust.

To The People Of Nicholas County

The primary election, in which I am a candidate for County Clerk, will be held in just two more days so at this time I want to take this means of expressing my gratitude to each and every person I have contacted during my campaign for the courtesy I have been shown by the people generally, an expression in which I am joined by Miss Beulah Hughes, who has assisted me in my race and who will be my deputy in event I am elected Saturday. Without exception, you have been more than kind to us, and, now that we are about to rest our case with the voters, we wish to thank you in advance of the election for the time you have allowed us whether we win or whether we lose.

We hope to win and we believe that we will; but, win or lose, we will always feel that we are much richer because of experiences we have had in meeting and talking to so many of our good Nicholas County homefolks during the many days and nights we have spent campaigning among them.

We have made a great effort to be able to see you all. We realize, however, that there are still some of the people we have not yet had and may not have the opportunity of talking to personally in the short time remaining before the balloting.

To these, in particular, and to all voters in general we will make herewith a final appeal for favorable consideration. As a candidate for the clerkship, I fully believe that I am qualified to fulfill with honesty and accuracy every duty of that office. I want to ask you to consider that I am a comparatively young man and that I have a sincere ambition to serve you as a public official.

On the part of Miss Hughes, I am sure that you will agree that she is highly qualified by experience and personality to serve you as deputy county clerk with real efficiency and constant, unaffected courtesy. For Miss Hughes, the new post to which she aspires would amount to a promotion I am sure she deserves.

We have conducted a clean, business-like campaign. If we are elected we fully intend to conduct a clean, business-like office. The decision will be made by the people Saturday. We sincerely hope that you will decide to give us the chance to serve you we both want so much.

Beulah Hughes

Please Read This Statement

It has come to the attention of the members of Nicholas County P.M.A. Committee that Mr. J. Berry Burnaw, former treasurer and chief clerk of the Committee and now a candidate for the office of Nicholas County Clerk, has been critized to some more or less extent because of certain inequities which have been felt by some farmers may have occurred of tobacco allotments.

The undersigned members of the Committee have tried hard to work out the tobacco program in Nicholas county and have, we assure you, made every honest and thoughtful effort in carrying out the program.

Being only human, however, it may be that some inequities have occurred even though we gave tireless and considered judgment to our work in establishing and forwarding the program. Such decisions as we have made were made by the Committee.

We feel it to be unreasonable and unfair that Mr. Burnaw, who had nothing to do with decisions of the Committee should be held responsible in any way by any person or persons who may have found fault with the manner in which we have been obliged to administer the tobacco program.

We would like to state herewith to each and every grower that Mr. Burnaw should in no way be held accountable for any of our actions. We are glad to say that, in his subordinate position with the P.M.A. he carried out orders of the Committee with promptness and high efficiency. This statement is published in full justice to Mr. Burnaw.

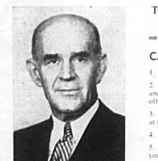
The Issue -

Do You Want Responsible Representation Of Your Interests In The State Legislature Or A Machine Politician and "Machine Politics"



CASSIUS M CLAY
Candidate For
STATE REPRESENTATIVE

TO THE VOTERS OF NICHOLAS COUNTY

This is to urge every registered Democrat to vote in the primary on August 1 and make your vote count.

CASSIUS M. CLAY IS:

1. A candidate of no faction or group.
2. A lawyer who has devoted the best part of his life to public service, and who expects to continue to do so, whether in or out of public office.
3. A farmer who knows the practical problems of the farmer, faced at the present time with a "squeeze" of sagging prices and rising taxes.
4. A veteran of World War I.
5. A man capable of tackling issues intelligently and so to represent you best in the Kentucky legislature.
6. A Democrat, who will represent all of you fairly—landlord or tenant, business or working man and woman, regardless of creed or color; —he will support the state administration when it is to the interest of the people of Bourbon and Nicholas Counties; oppose it when it is not.
7. A candidate with no personal "axe" to grind.

CLAY SUPPORTS

1. He supports the REA, without which electricity would never have been brought to farmers and rural housewives throughout Kentucky.

The K.U. now is seeking to restrain REA from constructing lines from its new plant at Ford on the Kentucky River.

In the Legislature, Clay will fully back the REA in its program of extending the benefits of electricity (and telephones) to rural communities in our state, and oppose the efforts of the K.U. and public utility lobbyists to cripple this program.

2. He supports the Farm Bureau in its opposition to the current efforts of railroad interests to tighten regulation of motor transportation at the expense to the farmers, particularly in regard to tobacco in hogsheads, which would mean lower prices to the farmer for his tobacco.

3. He will cooperate with your county officials and local officers, as elected by you, in the presentation of proposals made by them to state or federal agencies for the improvement of your roads, schools and other public projects.

CLAY OPPOSES

1. The Licking River Dam.
2. State dictation of local assessments.
3. The two constitutional amendments which would give machine politicians control of all state school funds as they now have the road funds, and make you, the taxpayer, come to Frankfort, hat in hand, to get what you need to maintain your schools.

BLANTON For Representative

I wish to renew my pledge to the people of this District

FALMOUTH DAM

As state Senator in 1946 I introduced and secured passage of a resolution AGAINST the Falmouth Dam. Since then I have consistently opposed it's construction. I do not favor the flooding of valuable farm lands in Nichlas and other counties.

FARM BUREAU

I have always voted for Farm Bureau Legislation. In 1952 as your representative I introduced and secured passage of a Black Shank control bill for the farmers. I supported the Dog Law; the Rural Library Legislation; the Farm Bureau Reorganization Act; Registration of Farm Machinery Law to protect your property from thievery, and supported every measure proposed by the Farm Bureau.

ROADS AND HIGHWAYS

Both as a Senator and your Representative I supported the program for development and construction of Rural Highways. I oppose truck weight increases to wear out your roads. I have actively assisted in the Somerset road project; the Sugar Creek road; Millersburg Main Street; Ruddles Mills bridge and highway relocation and shall continue to aid in the construction of roads and bridges in this District.

SCHOOLS

I have supported the Class Room Teachers program, Teachers retirement Legislation and believe that Better Schools make Better Citizens.

UTILITIES

My voting record will prove I supported and helped pass REA Legislation to extend maturity of its bonds to 35 years, have not opposed constructive REA Legislation and I repeat there is no Legislative conflict between REA and Utilities. There is an ample field of opportunity for service to all the people for both.

EXPERIENCE

I have served six years in your State Legislature, four in the Senate, two in the House. I stand on my voting record and pledge you to continue to represent you efficiently and honestly in all matters that my arise.

There Is No Substitute For Experience
