Fitting Tribute

It is sad that a community is fortunate enough to arrange a program to honor a friend and neighbor who has given unselfishly of his time and energy in ministering to the sick and allaying of the community for over half a century. Carlisle and Nicholas County are the justly proud of the fact that it is their lot to give Dr. B. T. Reynolds a token of their appreciation for his work among them.

Pauline on a high trust placed in him by his fellow men. Dr. Reynolds has typified the "country doctor" in every respect. On call at any time and with little thought of financial reward, he has rendered the greatest of medicine here for over 50 years in a manner which has won him the love, respect and admiration of all who know him. Words can hardly express the high esteem in which Dr. Reynolds is held by this community and the people numbering in the thousands, who he has aided in their hour of trouble.

"I might send you the corn money in the fall, but you are on your way to the hospital, and although the lack of today's very economical about the home and garden, with a common coat for the old man, and even the junked food, will come rather high by the time they are decorated for college.
