Last year Southern Bell installed 20,618 net additional telephones in Kentucky, raising the total number in this State to 353,139.

Some of the added telephones are right here in this Community. You probably know some of the new subscribers.

That's why telephone progress means something to you. As more telephones are added, you can get in touch with more people you know and more people you need. Thus your own telephone increases in usefulness and value to you.

Working always to serve Kentucky better.
