TERM REVERSED

The Kentucky Court of Appeals held that mere ownership of a pistol, being carried in the glove compartment of an automobile and not readily accessible does not make one guilty of "carrying a concealed deadly weapon."

Reversing a two-year prison term imposed on Tom Williams in Perry Circuit Court for such an offense, the Appellate Court held that such a conviction was wholly unauthorized.

CHRISTIAN SCIENCE

By putting off "the old man with his deeds" we shall begin the demonstration of Life eternal. This will be explained in Christian Science church services next Sunday. The Lesson-Sermon is "Mortals and Immortals."

Reading from the Holy Bible include the following verse from Psalms (100:3) "Know ye that the LORD he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture."

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "We should look away from the opposite supposition that man is created materially, and turn our gaze for the spiritual records of creation, to that which should be engraved on the understanding and heart 'with the point of a diamond' and this pen of an angel" (p 521).

The Golden Text is taken from I Corinthians (15:49): "As we have borne the image of the earthy, we shall also bear the image of the heavenly."

Several Kentucky county agents have reported yield loss from Bluemold, disease on hybrid corn. Many farmers in Meade county will have dial telephone by the end of this year.
