Nicholas County Treasurer's Report

NOTICE Tuesday, August 31

Our 2nd. Baby Beef Sale

We have been asked by the buyers that were here at our last sale to have another one on Aug. 31, 1954. They seem to think they want more of these sales and not so many head of stock at one time. They get the stock bought early and go home and it also gives the farmer a chance to see it sell before dark. We had a good sale the last one and everyone satisfied. All the buyers that were here will return and many more. Sell at a small yard and get attention. We have time to talk to you. Bring in your stock for this sale and be satisfied.
