Look at the 3-way bonus you get in the car that's sweeping the nation!

1. You get the car that's styled for tomorrow - \$2278.14 delivered locally!

2. You get the car that's a sure high resale value

3. You get a bigger allowance from our volume business

Of this you can be sure: the new Buick you buy today will look modern next year, too—because that broad panoramic windshield will be appearing on other cars as a 1935 feature. So with the new Buick you buy now, you'll stay right up in the style parade for years to come—and command a higher resale price when you trade it in.

Regularly of price class, Buick today is outwelling all other cars in America except two of the "limp-line" tiers. That's fact. So with this tremendous sales volume, we can offer you a higher trade-in allowance when you buy a new Buick. Come in, see and drive Buick's beautiful Buick. Then see for yourself how our volume business means a far bigger allowance for you.
