Equal Partners Peculiar Incests

In past times it has been the practice to marry the wealth of the economy with the thermostat of the economy—the volume of goods and foods which flow from farms and factories. This still is and will remain vitally important. However, more and more economists are stressing another sort of index, which once was given relatively little attention—consumption, as represented by the volume of retail business. In other words, the degree of success in producing bearing on whether times are good or not good in this country. High production is maintained only if the goods move off the store shelves and into American homes.

Weekly Recipe

Graduation time and the coming of summer inevitably bring memories of things gone by. It is a very sad thing to see the young men of the town, who have spent their days in the university, looking back on their college days with a sense of nostalgia.

Two egg yolks, 1/2 cup sugar, 1/2 cup milk, 1/2 cup cream, 1 egg white, 1/2 cup flour, 1/2 cup cocoa, 1/2 cup nuts, 1/2 cup raisins. Beat egg yolks slightly and add sugar and milk. Cook in a double boiler until it reaches the spoon-thick stage. Add cocoa and nuts and fold in with a rubber spatula.
