Alben W. Barkley For U. S. Senate

A few years ago The Mercury had to say about Alben W. Barkley and what he said...

Low... and behold!

The motoramic Chevrolet for '35

Chevrolet and General Motors took a whole new look at the low-cost car—and just look what happened!

The valve-in-head V8 as only the valve-in-head car can build it!

New Chevrolet introduces the "Twin-Port V-8" high horsepower (105) high compression (8 to 1) high performance and surprisingly high mileage!

You can choose from two new sizes, too!

The new need-in-advance performance! New "Blue-Flame 130" teamed with Power-rod and a new "Blue-Flame 121" with standard transmission or Overdrive or Powerglide.

More than a new car—a new concept of low-cost motoring!
