You can read it in the sales figures—Buick's the car that's climbing to a phenomenal public preference. For Buick today is outselling all

class-except two of the so-called "low-price three." And every month strengthens Buick's new leadership position. It's the "hot" car

It's the big Success

other cars in America-regardless of price for style, for power, for performance-and-most emphatically, for value.

Any way you look at it, Buick's the buy of the year, hands down. For Buick prices start close to the lowest-just a few dollars above those of the "low-price three." But those few more dollars you pay for a Buick buy you a lot more power, room, comfort, style, ride steadiness. And get this: with our tremendous sales volume right now, we can offer you a really top allowance on your present ear. That's the added bonus you get from our big volume.

It's the "High Resale" car for years from now

With Buick's year-ahead beauty today, you'll be driving a car that s'right up front in the style parade tomorrow. And when you're ready to result to the tomorrow with the modern features the others will adopt in the amoign specific price when you do not read in the tomorrow of the price when you do trade it in. Drop in and see this beautiful buy right now.
