Barkley To Open Campaign At Shelbyville Sept.30

Plans for one of the largest Democratic campaign openings in history have been announced in Louisville by William F. Foster, campaign chairman, and Jess S. Tilford, who is in charge of arrangements for the Sept. 30 event.

Party delegations from all over Kentucky are expected at the opening which will be held at the Fairgrounds in Shelbyville. Many county organizations are expected to send bands and floats for a parade that will precede Barkley's address.

Alben W. Barkley, seeking a return to the United States Senate where he served for 22 years, will make the principal address at the rally. He will be introduced by Governor Lawrence W. Wetherby and his speech will be carried over a state-wide radio network.

Earle C. Clements, Kentucky's senior senator, will speak briefly on the program and Democratic candidates for Kentucky's eight seats in the House of Representatives will also appear, along with Morris Montgomery, Liberty, candidate for the State Court of Appeals from the third district.

Foster will be master of ceremonies and will introduce the Congressional candidates and other special guests. Expected to attend, along with other prominent Democrats are five former governors.

In addition to delegations representing the counties, labor, veterans and farm groups are expected to join in the parade around the fairgrounds track that will start the opening.

The program is to start at 6:30 p.m., central standard time, and Barkley's address is set for 8 o'clock.

The Bowling Green Chamber of Commerce gave cash prizes to winners in a Warren county landjudging contest.

CHRISTIAN SCIENCE
How understanding of the spiritual nature of reality brings enduring health harmony, and progress —will be set fourth at Christian Science services Sunday.
The Lesson-Sermon entitled "Reality" includes the following from I Peter 1:24,25: "Fore all flesh is as grass, and all the glory of man as the flower of grass. The grass withereth, and the flower thereof falleth away: But the word of the Lord endureth for ever. And this is the word which by the gospel is preached unto you."
Item "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following correlative passage will be read 1335:27-29: "Reality is spiritual, harmonious, immutable, immortal, divine, eternal. Nothing unspiritual can be real, harmonious, or eternal."
The Golden Text is from I Corinthians 11:31: "As it is written, He that glorieth, let him glory in the Lord."

Benson Eliminates Acreage Provision

On September 15, 1954, the Secretary of Agriculture eliminated the "total acreage allotment" provision from the programs to stabilize the use of acres diverted from allotment crops in 1955, Jas. R. Rash, Jr., Chairman of the Agricultural Stabilization and Conservation State Committee said at Lexington Wednesday.

This will permit increased flexibility in planning schedules for those farms where "total acreage allotments" would otherwise supply with their limits on total production.

Mr. Rash states that compliance with individual crop allotments—the cross—compliance principle—will still be a condition for price support eligibility. (There are allotments now on wheat, corn, cotton, peanuts and many types of tobacco).

The Secretary of Agriculture, Ezra Taft Benson, announced threefold action to help offset the effects of a still-spreading drought and to speed maximum benefits from government programs. The six steps pointed out that for the second time this year the Department is drought-area and authorizing all farm operators in drought areas to plant any crop for harvesting as grazing, hay or silage on their cropland, including soil bank acres, without penalty. Farmers who have signed soil bank agreements will be permitted to put their acreage reserve land into production for grazing, hay or silage, but will not receive soil bank payments for the year in which they do so. THRILL MANY AUDIENCES—Three of the nation's finest concert players will harmonize in a group presentation when the United States Navy Band, known as "The All-American Team of the World's Finest," presents a concert at 8 p. m. Friday, Sept. 24 at Memorial Coliseum in Lexington. Frank Scimemella, Harold Wendt and Gordon Finlay are always a repeat offering of the great band, tour after tour, year after year. Proceeds of the Lexington concert will go to the Crippled Children's Fund of Kentucky newspapers.

Swain Is Named Chairman Of Citizens For Ike-Cooper

Enos Swain, 44-year-old editor and general manager of the Danville Daily Messenger, has been appointed state chairman of the Citizens for Eisenhower-Cooper in Kentucky.

The committee was authorized by the National Citizens for Eisenhower Congressional Committee at the request of Kentucky Sen. John Sherman Cooper. Republican candidate for re-election to the United States Senate.

Purpose of the state committee is to work with registered Democrats and Republicans who have previously have not taken part in partisan politics but who now are supporting Cooper's campaign.

Has Ike's Support

Cooper is running for re-election on the Republican ticket in support of President Eisenhower and the President has said that he needs Cooper in order to put the administration's program for the nation through Congress.

County headquarters were set up earlier this week at Paris in Bourbon County, at Lexington in Fayette County and at Louisville in Jefferson County and it is expected that other county and regional offices will be formed throughout the state.

Mrs. J. D. Gordon, Anchorage, an active leader in Louisville civic affairs, has been appointed vice-chairman in charge of the women's division of the citizens group. The organization's state headquarters have been set up at Danville.

Swain is the immediate past president of the Kentucky Press Association and served in 1952 as president of the Danville Chamber of Commerce. A 1931 graduate of Centre College, Swain began his journalistic career at the college's paper, the Cadet, in 1928 and was editor of the Danville newspaper for the past 26 years.

Cooper, the top Republican vote getter in Kentucky history, is touring Western and Central Kentucky this week after opening his campaign in Lexington Monday night. Next week Cooper's speaking tour will be in eastern Kentucky.

• MEMO TO ADVERTISERS

How you can be in a lot of places . . . *at one time*

IF you could make regular, personal calls on your best customers and prospects and talk to them about your merchandise and service, that would be the most effective kind of selling.

Of course that is not possible but you *can* give a friendly, newsy talk about your business to the best families in our community through the advertising columns of this newspaper. You can describe your merchandise or service, quote prices and *sell* to a lot of people at one time.

But you wouldn't make a lot of personal calls at random, would you? It's just as important that you know where your advertising goes. That's the reason this newspaper is a member of the Audit Bureau of Circulations, so we can give you audited facts and figures about our circulation—where, how much, how obtained, how much people pay for this paper and other essential information that you should know and have a right to know when you make an investment in advertising.

The Bureau is a cooperative association of 2000 publishers, advertising agencies and advertisers in the United States and Canada. Organized in 1914, its purpose is to furnish advertisers with verified information about the circulation of its publisher members.

The Bureau maintains a large staff of auditors who, at regular intervals, audit the circulation records of each A.B.C. publication. With the facts thus obtained, published in A.B.C. reports, it becomes possible for advertisers to select media and buy space on the basis of known and verified circulation values.

HERE'S HOW . . .
MAKE A SHOE SHINE BOX
Dad and son should work together in making the shoe shine box. In addition to easing one household problem by providing the boy with his own handy polishing outfit, it gives dad a chance to teach a lot of basic carpentry.
From the drawings below, the box dimensions and assembly are easily understood.
As a training project, the job can utilize saws, screwdriver, hammer, nail set, chisel, brace and bit, plane, sand paper, and paint brush.
The lumber used is all 1-inch material. All joints should be glued as well as nailed, using 6-penny finishing nails.
The box should be finished by sanding and rounding all sharp edges, then stained or varnished to suit. If so attractive, as well as a useful piece of furniture for the boy's bedroom.
