The United States
Poll
Majority of American Public Believe Major War With Russia Bound To Come

No opinion of particular mention is that virtually no difference of opinion on the question was found between rank and file Republicans on the subject and Democrats on the other.

The survey's findings would indicate that American citizens at the present time are not inclined to put too much faith in the great effort that the Kremlin has waged since the death of Lenin.

The Carlisle Mercury presents the reports of the United States Poll exclusively in this area.

Mergenthaler, Lakatos, Lintynpää and American Enterprise

America has always been, and we trust will always be, a nation whose spirit and energy are the product of individual initiative and the possibility of unlimited success. This has been the case since the first days of the settlement of the continent.

Here is a revealing story of the activities of the Mergenthaler and his Lintynpää machine in the State of New York. It is a story that is being told in the pages of the Carlisle Mercury.

Lightning struck the Banta building in New York City on Monday night, April 24, 1933. The building was destroyed and the loss was estimated at \$1,000,000.

Tid Bits of Kentucky Folklore

By Dr. Gordon Winick

"SINGS OF SPRING"
The return of the birds, the lengthening of the days, and the new flowers and buds are no more signs of spring than they are of summer.

When the first began to sing, the first to sing was the robin. It was the first to sing, and it was the first to sing.

When the first began to sing, the first to sing was the robin. It was the first to sing, and it was the first to sing.

When the first began to sing, the first to sing was the robin. It was the first to sing, and it was the first to sing.

COME ON IN— the price is fine!

Washington Road by JOHN WATTS

UNLESS we miss our guess, a lot of married people are going to come new back-envelope arithmetic when they see the Buick price shown here.

Because we know that many folks still don't realize how little a Buick really costs—that the dollar difference between this big Buick Special, and the leading smaller cars is virtually disappeared.

But above all, and more people are discovering that the price you pay for a Buick buys more sheer automobile than the same money buys elsewhere.

More advanced styling, more deep-down comfort, more pure power thrill, more ride steadiness and handling ease and solidity of structure.

More spectacular performance, too, from the modest extra cost of Buick's automatic transmission.

For here you get Variable Pitch Dynamator—the new wonder drive born of modern aerodynamics to give you instant full-power getways and acceleration when needed—and far better gas mileage when cruising.

Why not come see us this week, for sure? We'll be happy to have you test-plot a new Buick, just for the sheer thrill of it—and show you quite clearly that if you can afford any new car, you can afford a Buick.

HERE'S ALL YOU HAVE TO DO—fill out an entry blank from your USA Buick "Hollywood Holidays" display or fill out the one below. Deposit it in any Buick branch display of an authorized Buick dealer. Closing date for entries will be Saturday, May 7, 1933, at store closing time.
