A REPORT to the PUBLIC ON THE TELEPHONE STRIKE

Southern Bell deeply appreciates the efforts made by the Governors to settle the telephone strike.

We regret that we were not able to convince those who represented the Union that the company's proposal for increased wages, expanded arbitration, and other contract improvements is fair and liberal.

We will continue our efforts to convince Union Leaders of its benefits and advantages. We hope we will be successful.

In the meantime, telephone service continues good. Over 3,000 telephone men and women are on the job. More are returning every day.

This would not be possible without the great encouragement and cooperation given us by telephone users everywhere, and by the skill and spirit of telephone folks on the job. To both groups go our warmest thanks.
