## This 4.Door Beauty is the Newest Hit in Hardtops

You certainly ought to come in and see for yourself why this new kind of hard-top is headed for the best-seller list. It's a Buick Riviera, of course.

Which means the low and rakish look of a Convertible – a solid steel roof overhead – and no center posts in the side window areas to obstruct your view.

But that's only the beginning. Here you get two extra doors. They open to the rear compartment. So no one in the front has to move when someone gets into or out

of the rear.

Here you get massive half-pillars on either side on which the front doors latch and the rear doors hinge. (That's why you see no center posts above the door line.)

Here, too, you get wholly new principles in body design and strength that give the extra safety of rock-firm solidity at the top, sides and bottom. And here-bless those Buick engineers!-you

Thrill of the year is Buick

For the 4-Door Riviera gives you over 9 inches more hiproom and 5 inches more legroom – yet with no increase in wheelbase or over-all car length.

in and see this stunning new kind of hardtop.

It's the very last word in beauty, comfort, convenience. It's available in Buick's two lowest-priced Series – the SPECIAL and the CENTURY, And it's all Buick – with Buick power, Buick ride, Buick handling—and the Pitch Dynaflow.

can mean to you in the way of a whopping big trade-in deal.
