In the last year you've found "solid gold" luxury and value for only a few dollars a month more than you'd pay for one of the "low price" three's. In its class, it actually costs less than cars up to 9 inches shorter. And its full-fashioned styling is stealing the "old" way from cars costing a thousand dollars more. The rush is on... with 17 magnificent new Dodge models to choose from. So head for your Dodge dealer's... and take your pick!
