Rural Life Sunday To Be Observed At Moorefield

Rural Life Sunday will be observed at the Moorefield Christian church, Sunday, May 15. The theme of the morning worship service will emphasize the place of the rural church in our present world. With the Disciples of Christ Christian Churches, Rural Life Sunday is a day on which the brotherhood honors rural churches and calls attention to their contribution to the life of the whole church. It is the day set aside for remembrance of man's ultimate dependence for life upon the earth and its fruits. Too it is a day of prayer for God's blessing upon the fields and the sea and sky.

Such an emphasis is fitting since approximately 43,500 of the 6,000 churches of Disciples of Christ are in rural areas. This means that seven out of ten are rural churches. In fact stress upon this day is also important because of the steady shift of population from the country to the city and the high mobility of the population in all parts of the U. S. To face these and other problems rural churches over the country are finding that they must have more than Sunday preaching and mid-week prayer meetings with an occasional week-long revival. These alone are not sufficient to maintain a church which will strengthen adequately the spiritual life of our rural population.

Everyone is cordially invited to attend Sunday's services at the Moorefield Christian Church.

New Law Permits 'Freezing' Wages

The 1954 amendments to the Social Security law permits "freezing" the wage record of individuals who are now and have been disabled for six months or longer and have worked in employment or self-employment covered by the law for five years out of the ten years just before the disability and for at least one and one-half years out of the three years before the disability started," R A Lowell, District Manager of the Louisville Social Security Office and Field Service [illegible] Kentucky, announced today. [illegible] provided they have met the 6-month test," he continued. "Even disabled individuals over 65 who are now receiving Social Security monthly checks may have [illegible] payments increased by [illegible] between the computation of the benefits [illegible] that their disability occurring before they reached 65," Lowell said.

Active military service after September 15, 1940, and before July 1, 1955, and work in the railroad industry may under certain circumstances be counted toward the required period of work. Although the law does not provide for the payment of Social Security retirement benefits before the worker reaches 65, it is nevertheless important that a disabled person get in touch with his nearest Social Security office for the purpose of obtaining detailed information about "freezing" his earnings record during the period of disability. The Lexington Social Security Office is located on the sixth floor, Bank of Commerce Building.

Vice Escapes Cross Bar Hotel

A Nicholas County man, shot in the leg April 24 when he was caught in the act of stealing farm supplies escaped from the county jail before he was scheduled to be taken to LaGrange Reformatory to begin serving a five-year sentence.

Avery Vice, 33, escaped through a small opening he had knocked through a brick wall of the jail, Jailer William Hudnall said.

The prisoner used crutches to get about in the jail and they also were taken from the cell, which he occupied alone.

Vice was convicted last week of stealing farm supplies from a neighbor J. C. Livingood. Livingood wounded Vice in the leg when he shot at a man he saw prowling about his farm.

No charges were placed against Livingood.

Officers in surrounding counties have been notified to be on the lookout for Vice, who was wearing five trousers and a blue shirt when he fled the jail.

The break was discovered about 7 a.m. Tuesday. The jailer said breakfast had been pushed into the cell earlier and that the untouched tray prompted a closer look into the cell. A hole about two bricks long and three bricks high, had been knocked out.

Officers said they had intended to take Vice to LaGrange Tuesday morning.

The tentative schedule is to hold these clinics in the early part of June.

Gets 5 Years For Stealing

Avery Vice of Nicholas County was sentenced to five years in the state reformatory by a jury in Nicholas Circuit Court Friday, on a charge of grand larceny.

Vice was found guilty of taking a quantity of farm supplies from a neighbor, J. C. Livingood.

Livingood shot Vice in the leg Saturday night, April 23, when he found Vice in his barn with articles belonging to Livingood. Vice had been suspected after some farm supplies had been missing.

Officers found numerous articles from Livingood's farm at the home of Vice's mother, Mrs. Cacer Jones, where he lived.

No charges were placed against Livingood in connection with the shooting.
