Muskies Fail

(Continued from page 1)

of the Wildcat line failed to produce the extra point.

Stanford took the kick after touchdown on the 25, bringing it back to their 49. On seven ground gains the Cats advanced to the Muskie eleven yard line as the half ended.

Early in the second half, Gilcrease runner rumbling had sparked the Wildcats attack, was injured and had to be removed for the remainder of the contest.

Defense Better

During the second half the Carlisle defense stiffened and after the injury of Gilliam the Wildcats could penetrate Muskeetz territory no further than the 30, which was early in the fourth period.

Offensively, the Muskeetzers did not look as bad in the last half as they had in the first half, but their passing attack still failed to click. Nine passes were attempted by the Muskies during the last half, none completed.

On the ground the Carlisle team functioned better but was continually hampered by fumbles and penalties. Late in the third quarter, Pollock made a nice run from the Stanford 25 to the five where he fumbled. Again in the fourth quarter, a Carlisle threat was nullified by a penalty. Straw intercepted a Wildcat pass on the Muskie 40 moving back to the 40. Muskies got low on an end run goes to the Stanford 10, but the Muskeeters drew a penalty from the line of scrimmage and were never able to go beyond mid-field as time ran out.

Statistics

Officially Stanford rolled up eleven first downs. Carlisle one. Stanford gained 168 yards on the ground. Carlisle 100. Stanford completed three passes. Carlisle three. Stanford recovered three fumbles. Carlisle one. Stanford gained 71 yards passing. Carlisle 0. Stanford was penalized 25 yards and Carlisle 10.

Today night at the city high school playing field, the Muskeetzers will oppose the Elks of Elkhorn High school of Franklin County. Game time is 8:00 o'clock fast (fat) Ellis 6-6.

NOTICE TO DOG OWNERS

It is believed that the great majority of persons owning dogs in Nicholas have overlooked the fact that their dog licenses should be purchased on July 1 of each year instead of January 1, which change has been caused by your new Dog Law which went into effect in 1954.

As of the date we have sold only about 550 dog tags whereas we know that there are approximately 1500 that have been licensed each year for the last two years and it means that there are at least 950 dog owners who are now delinquent under the new law in failing to buy their dog tags on July 1 of this year.

There have been a few more sheep losses in the last few months and these matters as well as the failure to license dogs is invariably investigated by practically every Grand Jury that meets. Since the Grand Jury will meet on next Monday, September 26 and since we have a complete list of persons who bought tags in '54 but who have not bought them in 1955, required under the new law we might find it embarrassing if we are called before the Grand Jury and compelled to show the names of those who have failed to license their dogs in '55.

We urge you to come and buy your dog tags.

Dog Warden
