How Can We Do It?
How can we sell everything at such low prices you ask. The answer is simple... IGA unites major units of food distributors: THE INDEPENDENT WHOLESALER, THE MANUFACTURER and YOU. All work together in a well-kept, smoothly running organization. With operating costs as low or lower than those of any other system in the food industry today, plus the combined purchasing power of thousands of stores, IGA stores can sell at low prices EVERY DAY in the WEEK, WEEK IN AND WEEK OUT.

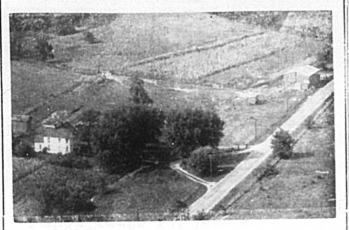

We wish that we could list for you all the items in our store... of course, that we cannot do so there are over 3,000 of them... but do come to see us and see what we have done to give you, in Carlisle and the Carlisle trading area, the best... in foods, prices and shopping convenience.

STOKE OPENS THURSDAY MORNING AT 9 O'CLOCK

About Our New Store...
Our beautiful new store, your new store, all 4800 square feet of it was designed by IGA Store Engineers. From top to bottom it is the last word in grocery store operation. Designed to make your shopping easier, more pleasant and more complete. Departments are arranged so thousands of tests have shown you like them best. You will find "Angle Island" shelving to give you shopping freedom... complete self-service fresh departments, Meats, Dairy, Frozen Food, Fruits & Vegetables and Ice Cream... all backed by adequate storage and handling facilities. With all its beauty and facilities this fine store is designed for low operating costs that we may serve you with low prices... every day. P.S. This summer you will enjoy our air-conditioning.

Why Use Southern States Fertilizers
Finest QUALITY—According to the tests made by the State Laboratories Southern States Fertilizers are over formulated an average of \$2.00 per ton. Also your cooperative doesn't leave any room for doubt, it tags each bag of fertilizer with the amount of each ingredient used in its manufacture.

You Get Your FERTILIZERS AT COST—Since your cooperative belongs to you it furnishes you your supplies at just what they cost to manufacture and handle. The more you support your cooperative the cheaper it can manufacture and handle these supplies and the greater will be your refund.

Your COOPERATIVE IS THE PACE SETTER—Every time farmers organize a cooperative in a community competition is forced to lower its prices. Most fertilizer manufacturers wait until your cooperative has established its fertilizer prices before they publish their prices, and this year they are using the Early Movement Discount Program that your cooperative has used for years. With your continued support and cooperation your own business will maintain this position of leadership.

Remember that to make the business of farming pay better you should fertilize wisely with Southern States Open Formula Fertilizers.
