Legalized confiscation

"Let's get rid of the income tax!" That has been said by many a beleaguered citizen, af-ter sweating his way through the tax forms and dredging deep to find the money to pay the bill. Usually it is amplified with un-printable adhectives.

Revenue. It is the title to a strong article which Mr. Andrews recently contributed to the American Weekly.

Mr. Andrews deconverse to summary, are some of the things he has to summary. The tax amounts to legitated confiscation the begins at 20 per cent and goes up to 91 per cent. A man with a \$40,000 income pays 47 times more fax than the man with a \$10,000 income pays 47 times the man than the man with a \$10,000 income pays 47 times the man than the man with a \$10,000 income pays 47 times the man than the man with a \$10,000 income pays 47 times the man than the man with a \$10,000 income
