## Nicholas FHA

(Continued from page 1)

30 chapters in the state recognized as an honor roll chapter of the Nicholas County chapter also received a superior rating on their scrapbook.

Highlight of the meeting was "FHA Makes Realities of Dreams." A feature of the meeting was the banquet speaker, Mrs. Lloyd White, Kansas City, Missouri, whose talk was entitled, "What's Under Your Hat." Mrs. White is famous for her hat lectures. She brought to the group hats with pointed and delightful personalities of their own. Each of the unusual hats in Mrs. White's remarkable collection was a definite personality with a revealing name.

Another highlight of the three-day meeting was a style show Miss Janet Carter of Mc-Call Pattern Co. had charge of the show. Models were FHA members.

## Harvested acreage determines tobacco price support

Eligibility for price support on tobacco produced in 1956 will be based on the harvested acreage of tobacco, according to Mr. H. S. Vice, chairman of the Nicholas County Agricultural Stabilization and Conservation Committee. Previously any excess tobacco which had been harvested could be destroyed and the balance was eligible for price support.

This change implies that tobacco growers who harvest more than their farm acreage allotments will be unable to place any of their tobacco under price support.

Under the new regulation the County ASC Committee representatives will measure the tobacco fields and determine the acreage on each farm. When a farm is determined to have an acreage of tobacco in excess of the farm allotment the farmer will be given notice of the excess acreage. If a farmer wishes his tobacco to be eligible for price support he must file within 10 days a request with the County ASC Office for a remeasurement or for a certification to the disposition of the excess acreage.

Mr. Vice emphasizes that the harvesting of any tobacco in excess of the farm allotment will make all the tobacco from the farm ineligible for price support.

## Miss Hutchings blood mobile head

The Nicholas County Red Cross chapter is very happy to announce to the people of Carlisle and Nicholas County that Miss Mary Margaret Hutchings has accepted the chairmanship of our blood program. Mrs. Marvin Sexton, executive secretary said.

"We feel that we are very fortunate in securing her services as she has had quite a bit of experience as a volunteer worker of the Red Cross. We hope all the churches, our hospital and all organizations of our county will work with her in reorganizing this program," she added.

"On Nov. 6 the blood mobile will come to our county and the blood we get at that time determines our being a member of this much needed program," she added.

## Attention parents!

Parents' Plan for your child's summer vacation free from fear of crippling polio. Before summer parties, swimming and fun outing begin, have your children given polio vaccine. The danger season for polio has already begun, and children under 20 are most susceptible. Vaccine is plentiful and available to make your child safe. Ask your doctor or contact your local health department as to when and where your child can be given his polio shot.

Dr. B. F. Reynolds, Health Officer of Nicholas County, urges all parents and expectant mothers to protect their children and themselves against the crippling effects of Polio. All children under 20 and expectant mothers are eligible for the vaccine, and vaccine is plentiful in the state of Kentucky.

Salk Polio Vaccine is the only known way of fighting this disease so make sure that your loved ones are protected against the pain and sorrow of the paralysis of Polio.

## Farm bureau sponsored Federal gas tax refund law explained

By Harold R. Letton,
Farm Bureau President

Since both state and federal gas tax refund laws were sponsored solely by Farm Bureau, the Nicholas County Farm Bureau Directors, voted that we should inform the farmers of Nicholas County of the benefits that we can obtain from these laws. For example, if a farmer only used 100 gallons of gasoline, the tax refund of 6.3¢ state and 2¢ Federal, would total $8.30. No doubt, many of us can get back several times our membership dues on this

A $30,000 damage suit was filed in Bourbon Circuit Court last week by Barbara Winn, 16, Nicholas County, against Carl Mathias and Hal Hinson, operators on Oil Company of Paris.
