Nicholas county strawberry harvest expected in 10 days, county agent says

The Nicholas County strawberry crop is expected to be in full harvest by May 25, says county agent, W. T. Strain, county agent, who has this week inspected the crop in several fields during the last few days, to determine the stage of development.

June 1, deadline for excess wheat

What grows in Nicholas County has excess wheat which has been reported to the Agricultural Department by June 1. It will then turn over to the Federal Government.

Nicholas divided for census purposes

In a joint program with the State of Kentucky and each of its counties, the Bureau of the Census is establishing areas known as census tracts.

Wildfire found in burley beds; remedies listed by Straw

A widely scattered outbreak of wildfire in tobacco plant beds has been reported by Russell H. Straw, field agent, who is attending to the problem.

Chamber urges spring clean up
