LITE FARM EQUIPMENT

One way to reduce road accidents is to equip utility farm machines with reflective materials if they are to be used on highways after dark. The National Safety Council is sponsoring a "Lite Farm Equipment" safety project in cooperation with state farm safety committees and rural groups.
A "Lite Farm Equipment" program of oakwood's position, in this school, and in the "Lighthouse" weather stations throughout the eastern United States. This will serve the dual purpose of tracking hurricanes as well as looking for farm safety.
The program will be a major step in the program of the National Safety Council in cooperation with state farm safety committees and rural groups.

State teachers must implement new program

The artificial barrier that has prevented Kentucky's education program has now been removed. The State Board of Education has approved a new program of public instruction. The program will be a major step in the program of the National Safety Council in cooperation with state farm safety committees and rural groups.
