COMMENT

The Jefferson County school system has come up with a unique type of shortage . . .

Board members can't find a supply of names for new schools.

Superintendent Richard Van House says he's spent a futile two months trying to find a better name for Miles Lane Elementary School.

He said the 53 other county schools and the 70-odd city schools have just about exhausted the supply.

So the board approved his request to put a local historical society to the task of finding a suitable name . . .

The newest addition to the grocery store is music. It is not by radio or piped in, it's on records, being sold.

The theory behind this method is that housewives will be tempted to stock their music libraries just as they stock their pantries.

I have tried to keep from mentioning Christmas in this column until December but I feel that a word of praise should be given the merchants of Carlisle. On Monday as I walked down Main street each window with it's particular charm told of the holidays that are coming. They virtually lift ones thoughts out of the ordinary run of everyday things into a world of fancy.
