Help yourself—Help others Summer is too late

The saying "better late than never" is too often a tragic proposition in cancer.

More than 75,000 American lives could have been saved from cancer last year if treatment had begun in time.

These facts should be remembered during the April Cancer Crusade. In addition to going and giving generously to cancer, make it a point to have a health examination—no matter how young you are.

At the American Cancer Society some 40,000 of them are being given a check-up and a check.

LEADERS IN GOVERNMENT CANT ALWAYS BE SURF.

THEY ARE, IN FACT, REPRESENTING THEIR ENTIRE PEOPLE.

Princeton, New Jersey.—The problem of distinguishing between what leaders in government are, and what they should be, is a problem that has troubled the world since the dawn of time.

THE PEOPLE OF HIS DISTRICT ARE FEELING GREAT OF HIS DISTINGUISHED FRIEND AND COLLEAGUE.

All this came about during debate on a highly technical bill sponsored by the committee on Banking and Currency. It was passed by the committee and by the Congress without dissenting vote.

THE AMERICAN CATHOLIC BISHOPS' RELIEF FUND FOR THE NEEDY OVERSEAS?

It is a fund that supports a program of supplying food, clothing, shelter, medicine, services, even cash—to those made destitute by war or Communist aggression. This year the Fund seeks five million dollars.

Does this program help only Catholics? Yes. And they also are to be encouraged and supported. A large weight of some of the other voluntary relief agencies is being thrown to the aid of this fund.

Medical supplies are often donated to the manufacturers of the relief agency paying the cost of transportation.

A much of the personnel is not salaried.

In this way, each dollar the Fund has attracts good forty dollars.
