There Is No Age Limit—There Is No Charge

Thursday, April 18 is the big day for the picture taking of your youngsters! The Mercury is having pictures taken of all children who are brought by their parents or other guardian to the Bourbon Laundry between 10 a.m. and 5 p.m. absolutely free of charge. The Woltz Studios of Des Moines, Iowa, a nationally known portrait studio, will be in charge of the photography. The Mercury wants a picture of your child to print in its forthcoming feature. "Citizens of Tomorrow," a series of photographic studies of local children. The more we get the better the feature will be, so the cooperation of the mothers and fathers is urged.

It often seems to parents that children are little one minute and are grown up the next, so fast does a child's growing stage pass. Here is a splendid opportunity to catch a likeness of your child or children at the present stage for the pleasure you will get out of it in future years and for the pleasure you will enjoy in seeing it in print. You will want to clip it from this, your home town newspaper, and preserve it for the youngster when he or she grows up.

There is absolutely no charge or obligation for taking the pictures. Parents don't even have to be a subscriber to the Mercury nor even a reader. You do not have to purchase pictures either, though you may obtain additional prints by arranging direct with the Studio representative if you want them This is entirely up to you. Appointments may be made by calling Mrs. Milton Fryman, Phone 11.

'Teen Town' winning name for youth center is submitted by Miss Crawford

By Ted Insko Jr.

Teen Town, the name submitted by Hattie Crawford and chosen by the youth council for the youth center in the Waugh building on Main street, earned Miss Crawford six months of free membership. The name was selected by the youth council Monday night.

The youth council also drew up the by-laws for "Teen Town." Membership cards will be available to members in a few days. Those who have not joined are urged to do so as soon as possible.

The council, made-up of five students from each school, would also like to thank the businessmen of Carlisle for their donations as well as for the work they are doing to form Teen Town. The way these men have gone about fixing the center is very commendable. We of the youth council thank you very much.

Regardless of weather condition cleaning up the building will start tonight (Thursday). Everyone interested in the center is urged to come and help with the work. If possible please bring a mop or paint brush.
