Donnie Hillock selects Eastern College bid; star Nicholas County high guard

Donnie Hillock, star guard, on the Nicholas County high school basketball team was notified last week by Mr. Paul McBrayer, head coach at Eastern Kentucky State College, Richmond, Kentucky, that he had been selected to receive a four year athletic scholarship to Eastern. Donnie will participate in both baseball and basketball.

Outstanding Team

Eastern's Basketball team is considered one of the outstanding teams in this section of the country and many observers think they will receive National recognition in the next two years, as most of this team squad were sophomores Eastern's baseball teams have always made a good showing, being one of the outstanding college teams in this area.

Fans in Carlisle and Nicholas County are happy to know that Donnie has selected Eastern. He had offers from other colleges but felt that Eastern offered him the best opportunity to receive a college education in his chosen field and at the same

time he will have an opportunity to participate in both basketball and baseball.

During his high school days Donnie has an outstanding record. He seemed to play best when the "pressure was on." Fans in this area will long remember his performance in the final game of the regional tournament this year when Nicholas County defeated Maysville. Woody Crum, Maysville Coach said, "That little Hillock boy beat us." He received Honorable Mention from the Herald and Courier Journal for all state team. Since basketball to-day is a "giant's" game, it is an honor for a "short" boy to be selected for a college scholarship. This is the second member of the Blue Jackets team to be selected for a Athletic scholarship. Ned Jennings had previously signed with University of Kentucky.

Coach Finnell is busy arranging basketball schedule for next season and the fans will see some good teams on the local court next winter. With 6 foot 4 inch Jack Guy, Leo Lynam and members of the reserve returning, prospect for a good team next year is encouraging, also most of the players will be Juniors next year and will really be tough by their senior year.

DOLLINS FOR DEPUTY

John W. Anderson who has announced for Sheriff in the coming primary election, announces today that Bill Dollins of the Maysville road, will be his deputy.

R.A.M. INSPECTION

Russell Tallman, district inspector will be present at 7:30 Thursday evening to inspect Nicholas Chapter No. 41, R.A.M. All members are urged to be present by James Platt, H. P.

CAR WASH

The junior-senior boys of Carlisle high school will be washing cars Saturday at Green & Miller and max & Paul's service stations. Profits will be used to help with the trip fund. If anyone wishes to have their car picked up by a licensed driver, washed and delivered, call 155 or 378-W.

Cancer fight continues here

The fight against Cancer, one of the greatest enemies of mankind today, is financed through public contributions.

Nine Nicholas Countians received treatment through the Cancer program last year with a hospitalization cost of $800.00. The quota for Nicholas County is $1,035.00.

Phone directory delivery June 1

The new Carlisle telephone directory will go to press May 3, according to Clyde Watts, manager for Southern Bell here. Any additional listings, changes, or new telephones must be in and working by that time to appear in the new telephone book, which is scheduled to be delivered by June 1.

DR. DAWSON TO SPEAK

Dr. Cleo Dawson of Lexington will review the Broadway play, "My Fair Lady" at the Carlisle Christian church on Monday night, April 29, at 7:30. She is well known here, having reviewed books for a number of years for the Womans Club and has since become a noted lecturer.

Phone company installs transistor system in Lincoln county area

The Southern Bell Telephone Company has just completed the installation of the third all transistor rural telephone system in the world in the Arabia area of Lincoln county about 10 miles southwest of Stanford according to Clyde Watts, local manager.

The new system uses tiny transistors to substitute for conventional vacuum tubes that are used at carrier terminal points in the carrier system. Several telephonic conversations are put on the same pair of wires. Each voice conversation is assigned its own separate frequency band to effect distinct simultaneous transmission of several calls. This system uses only about 1 watt of electricity, as transistors which were invented by scientists in the Bell Telephone Laboratories use only a fraction of the power that is required for the conventional vacuum tubes. It is to help with the installation were three engineers from the Bell Laboratories and two from the operation and engineering staff of the American Telephone & Telegraph Company in New York along with Southern Bell men from Louisville, Atlanta and Danville.

Saves 60 Miles Wire

By using this new all transistor system, Southern Bell has 20 miles of wire doing the work that normally would take 80 miles of wire and as a result is better able to serve the people who live in the rural area.

Candidates draw for position

Democratic candidates for Nicholas County offices in the May 28 primary election Monday drew for position on the ballot. The result was, with names to appear in the order in which they will be listed:

For the first time in the history of the county, A Republican filed for the office of county clerk. He is Armand Weddle, a farmer of Carlisle Route 2.

Easter Seals report made by Mrs. Letton

Residents of Nicholas County have contributed $212.10 to the Easter Seal campaign so far—enough to provide 17½ days of hospital care for local crippled children.

Mrs. Harold R. Letton, chairman of the drive, made the announcement in her first report on the current Easter Seal campaign.

This amount has been received through the mail, as a result of the Easter Seals mailed to residents of Carlisle and Nicholas County.

"The contributions received so far would buy 1 hearing aid, or 53 pairs of crutches, or 8½ days of complete therapy and care at a rehabilitation center," the chairman said.

Last year 18 children from this County received help through Easter Seals. This aid included clinic and medical care, hospitalization; hearing services, and other help.

Mrs. Letton said the Kentucky Society for Crippled Children, sponsor of the Easter Seal appeal, is expanding its services to reach more children. Many youngsters in this County who are crippled by varied diseases, injuries and birth deformities, need more help, the chairman said. They can have help if the Kentucky Society receives funds to finance needed care.

We have not, as yet, contributed our share. Please send your contributions to Mrs. Harold R. Letton, Carlisle, Ky.

Proclamation

Whereas, Friday, April 19th, 1957 is Good Friday and religious observances over the nation will commemorate the suffering and passion of our Lord, Jesus Christ, and
