The Bible is a CATHOLIC Book
People differ radically in what they think about the Bible. Some seem to think it was handed down from Heaven written in English and bound in morocco. Many assert it is the inspired Word of God with our knowledge of it by error justified in doing so. And others say that the bible is full of contradictions and must be taken "with a grain of salt."
A proper understanding of the scriptures can ease a tremendous burden for good in your personal life. You should, therefore, know where we get the Bible, what it means, why you can be inspired, what the Bible says in its entirety.
There are obscure and difficult passages in the Bible, some of which may seem confusing. But this has given rise to the "Bible Answer Book," which has answered in an interesting book which you can read in your own language, in a pocket wrapper free-of-charge. And no charge at all for the Bible Answer Book. It is yours to keep for ever. Ask for it today! Write to: The Bible Answer Book, P.O. Box 1000, St. Louis, Mo., U.S.A.

Telephone Talk
by CLYDE WATTS
Your Telephone Manager

STILL WITH US! I hope you've been enjoying reading these "Telephone Talk" columns. We try to make them interesting and informative. More than that, they're sort of like a personal chat with you and their face, since I don't get around to seeing all of our good customers in person. This telephone business is a mighty interesting one, and through Telephone Talk I want to keep you informed about it and pass along tips from time to time to help you get the most from your service. Meanwhile, if you have any questions about any particular phase of your service, why not drop me a line at the Business Office, and I'll do my best to give the answer.

IT'S HAPPENED AGAIN! Well, the Bell Telephone Company has again qualified to receive the National Safety Council's annual "Award of Honor" during 1936. This is the fifth year out of the last six that we have been awarded recognition for outstanding safety performance. The Safety Council reports that the communication industry continues to be the safest of all industries, and the Bell Telephone Company is the largest group in the communication industry. Naturally, we telephone folks here in Carlisle are happy we've played our usual part in making Southern Bell a safe place to work.
