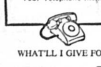
Telephone Talk

by CHARLES A. HARRIS
Your Telephone Manager



WHAT'LL I GIVE FOR CHRISTMAS? Oh-oh, it's that time again, time to start thinking about gifts to please the hard to please. If this is your problem, here's a good tip—extension phones *in nine beautiful colors.* Just one call to our Business Office and you can strike ever so many names from your list! We'll get wrap and deliver before Christmas, or, if you prefer we can furnish gift certificates. And why not equip gift phones with extra-, too: light-up dials, no-tangle spring cords, volume controls that let you tune up or down the voice of the person you're talking to. Try it! See if Merry Christmas phones won't wrap up a lot of your "what-to-give worries," make your shopping easier and put a smile on the face of those who receive them.

WHAT'S ON THE PROGRAM? Sometimes we wish we knew, especially when we're trying to get up something interesting for our clubs, school or church. As a suggestion, we have a very good Christmas film entitled "Spirit of Christmas". It is based on two stories. "The Night Before Christmas" and "The First Christmas". Call us and we will be glad to arrange for you to borrow this 30-minute film.

We would like to remind our business friends to please observe the restrictions of attachments to telephones and also attachments to our telephone directories when making up their advertisements for the New Year. These restrictions may be found in the general information pages of your telephone directory.

AND CHARGE IT, PLEASE! That's what you can say to the operator when you have a Long Distance Credit Card. For salesmen and other folks who travel a good bit it's really handy because it can be used anywhere: in public phone booths, in a customer's office, at a friend's. The charges will be put on your home or office bill, wherever you like. Think you might like your own Long Distance Credit Card? Call us, and we'll fix you up.

The only 1958 car that offers more of everything you want... yet is priced lower than in '57

Here's great news! While prices of 1958 cars of other manufacturers are up, the price of Ford's exciting new Custom 300 is down! A brand-new 58 Ford Custom 300 with all of its exciting new styling and engineering advances is priced *lower* than a '57 model, similarly equipped!

World-approved styling. A Custom 300 brings you styling that is dramatically new. With its Honeycombed grille, Skystream roof, Deep-Sculptured rear deck, and Safety-Twin beam lights and taillights, Ford styling drew admiring glances from Paris to Tokyo. It's sure to be yours now in any 58 Ford Custom 300 with out extra cost!

New handling ease. Slide behind the wheel of a Custom 300 and you'll soon discover just how much fun driving can be. Notice how smoothly it handles. That's Ford's new feather-touch Magic-Circle steering, the next best thing to power steering.

New riding comfort. Notice, too, the solid comfort of your ride. That's Ford's easier action Angle-Poise ride system at work. Ride up the bumps before they reach you.

Thrifty, new engines. You have a wonderful choice of new, more efficient power plants . . . designed for real gas-saving economy plus quiet performance. Six or V-8, they give you more power, smoother power, from less gas!

Priced as much as $450 lower. A comparison of manufacturer's suggested retail delivered prices shows that a 58 Ford Custom 300 is as much as $450 less than the same model for '57! You'll wonder how Ford can offer so much extra room, extra power, extra speed so low. One big reason: Ford gives you more car for less money because Ford sells more!

See and drive a Custom 300 and we believe you'll agree that these Fords give you more *real value* for your car buying dollars than any car on the American road today.

COMMENT

Before long you will be hearing Christmas Carols and I thought you might like to know some history about a few of the most popular Carols

"Hark! The Herald Angels Sing", was written by Charles Wesley in 1739. It is said that he was inspired to write it after hearing beautiful church bells chiming on Christmas Day The original words and music were changed and revised a number of times until in 1855 Dr. W. H. Cummings brought out the version we use today.

Both the words and music of "We Three Kings of Orient Are" were written by John H. Hopkins, Jr., an Episcopal clergyman who lived in the nineteenth century. It is believed he achieved the folk song manner so well in the tune he is often incorrectly referred to as the arranger instead of the composer. This is one of the very few American carols and one of the few based on the story of the Wise Men, while many are based on the story of the shepards. No other carol gives such an impressive description of the star of Bethlehem.

"While Shepherds Watched Their Flocks", was written by Nahum Tate in 1703. It has been translated into nearly every language spoken today.

It is a paraphrase of the second chapter of Luke. It is most frequently sung to the tune called "Christmas" from the second act of "Siroe", by George Frederick Handel. Handel is best known for "The Messiah" He was born in Prussia in 1685, but lived in England for 50 years and became a naturalized citizen.

The tune of "Good King Wenceslas" is from a Swedish-German hymn, and the story from a Bohemian legend. The verses of this carol were arranged by John Mason Neale, born in London, England, in 1818.—K.T.F.
