As I look back now, when I am older than my father because, I realize that the doctor was still in the strange fear-ful condition that he had to go into a sick room. What was the matter? Was it the fact that I was not used to the smell of a sick room? Or was it the fact that I was not used to the smell of a sick room? Or was it the fact that I was not used to the smell of a sick room?

When you drive through Parkersburg, you wonder at the number of people who are in the car. You wonder at the number of people who are in the car. You wonder at the number of people who are in the car. You wonder at the number of people who are in the car.

Mid-week service, Wednesday evening, 7:30. Welcome to our church. We are glad to have you. We are glad to have you. We are glad to have you. We are glad to have you.

Just how the parcel payment rate for land placed in the hands of the farmer is determined is a matter of some interest. The rate is determined by the amount of land in the parcel and the amount of land in the parcel.

Most farmers know that they participate in the 1957 program, wherever it is. They know that they participate in the 1957 program, wherever it is. They know that they participate in the 1957 program, wherever it is.

The rate per acre for individual farms will vary since it is determined by multiplying the "base rate" for barley to acres, which is 18 cents per acre, by the normal yield of barley to acres on each farm.

A farm normal yield for barley tobacco has been established for every farm, with an "old" allotment in Nicholas County, as well as in every other county producing tobacco in the United States.

In the case of Barley Tobacco, the normal yield is 100 bushels per acre. In the case of Barley Tobacco, the normal yield is 100 bushels per acre. In the case of Barley Tobacco, the normal yield is 100 bushels per acre.

When I was a small boy, I was surprised to find my doctor was the subject of a very interesting and fascinating article in a newspaper from my county. The writer, an elderly retired Methodist preacher, had known Father away back in the latter part of the 1800's and the very early years of the present century when my father returned to come back to Callaway County, Mo., where he was to be buried.

My father, who had been a member of the family since the time of my grandfather, who had been a member of the family since the time of my grandfather, who had been a member of the family since the time of my grandfather.

My father, who had been a member of the family since the time of my grandfather, who had been a member of the family since the time of my grandfather, who had been a member of the family since the time of my grandfather.

My father, who had been a member of the family since the time of my grandfather, who had been a member of the family since the time of my grandfather, who had been a member of the family since the time of my grandfather.

My father, who had been a member of the family since the time of my grandfather, who had been a member of the family since the time of my grandfather, who had been a member of the family since the time of my grandfather.

Sunnyside By Mrs. Beulah Jackson Mrs. Elmer Davis and children returned to the home of her in-laws Friday night from a week's visit with Mr. and Mrs. Sterling Jackson. Miss Joie Barker was Sunday afternoon guest of her sister Mrs. Sterling Jackson and Mr. Jackson. Mrs. Cynthia Truett kept the children of Mr. and Mrs. Robert Truett, Sunday while they went to Lexington to see their little daughter, who is in the hospital there. She is improving, slowly, it is so, severe burns received when she fell into a grating level dry at her work. Mrs. and Mrs. Royce George moved in the home of Calvin Minton recently bought from Walker Haller. Mrs. Vera Ryan is in the Nicholas County hospital. You saw in the Mercury
