The Bluejackets drew Fleming county in a game that will be played in the Harrison county gym Thursday afternoon at 4:00 p.m. The Bluejackets, who defeated Fleming in two close games during the regular season will have their hands full as they try for a third straight time. Jackson of Fleming county will see little action as he broke his wrist in a game last week. Be sure and go over to Harrison and help support the "Big Blue" and help cheer them on to victory.

40th District Tourney

The Bluejackets assured themselves of a berth in the Regional tourney as they defeated a scrappy Bourbon county five 52-42 in the first game Friday night at Southside gym in Paris. Trailing by as much as 10-1 early in the game the Bluejackets got hot and left the floor at halftime with a 34-23 lead. They held that margin in the third quarter and staved off a last quarter rally by Bourbon to win by their final 10-point margin. This victory gave the Bluejackets the right to meet Paris high in Saturday night's games for the championship.

Paris Game

The Bluejackets won their second straight 40th District crown with a 63-52 victory over Paris before a sellout crowd at the Southside gym in Paris. The Bluejackets held a lead of 8 to 10 points throughout the game. Ned Jennings led all scorers with 27 points. All the boys played well in the tourney and are to be congratulated on the fine sportsmanship shown, toward their opponents. A beautiful trophy was presented to the captain of the team, Donnie Hillock.

Scores Of The Tourney

Drive-In Theatres begin new season

The drive-in theatre season began last week for another year for the Bourbon Drive-In Theatre and the Midway Drive-In Theatre, both managed by Louis Marvel of Cynthiana.

Both theatres have been refurnished redecorated and improved and both are planning the "biggest and best." Hollywood features, plus various special shows and new treats at the "snack bars."

The two theatres will be open each Saturday and Sunday through March.

They'll both be open nightly, seven night a week, starting on April 1.

The Bourbon Drive-In is located a short distance north of Paris at the junction of the Millersburg and Jacksotown roads. The Midway Drive-In is located between Cynthiana and Paris on U. S. 27.

Everett Earlywine, Paris is local manager of the Bourbon Drive-In.

Miranda Homemakers

By Mrs. Edgar Scott

Miranda homemakers met at the home of Mrs. John Clay on Feb. 13 for an all-day meeting. Mrs. Lovell Shaw was co-hostess. Eighteen members, three visitors and Mrs. Wilson were present to enjoy the day. Mrs. Walter Kendall, president, had charge of the business, and roll call was answered with our favorite Bible verse. Devotional was given by Mrs. Willie Stone and Mrs. Albert Vice gave the homemakers creed.

Mrs. Wilson gave a very interesting talk on her trip to Farm and Home Week, making all of us feel that we would like to have attended with her.

In the afternoon Mrs. Glenn Kimberling brought us the lesson which was "The Social Hour." Some of the most helpful points in her lesson were that sandwiches are often considered the main course of the lunch, picnic or party. They fall in two groups: those that are considered a one dish meal and those prepared for light refreshments. Sandwiches eaten at home, work or school should be substantial, satisfying and appetizing and are usually made with meat or a meat substitute. Sandwiches served in the mid afternoon or night should be small, dainty, colorful and tasty. They may be opened faced, rolled, filled or ribbon.

Working together in planning and serving refreshments is an excellent way to build up family cooperation. Many families feel that entertaining is too expensive or involves too much work to prepare and serve refreshments to guests, but the alert family of today plans ahead for entertaining so that it can be done with a minimum expenditure of time and money by canning a few jars of special fruits, making glasses of unusual jelly, canning a variety of fruit juices and having on hand prepared mixes of cakes, biscuits, muffins and etc. Mrs. Kimberling served samples of delicious sandwiches she had prepared.

An auction was held in the late afternoon and $10.65 was netted for the club.

The next meeting will be held at the home of Mrs. James Lowe March 13, at 1:00 p.m. The lesson will be "Salads."

Concord Homemakers

The Concord homemakers met at the home of Mrs. Paul Donovan on Monday, Feb. 18, with six members and Mrs. Marjie Wilson present.

The lesson for the month was on "Social Hour," consisting of making party sandwiches and spiced tea, and was given by Mrs. Donovan, assisted by Mrs. Wilson. The devotional was given by Mrs. Ernest Alexander, and the roll call was answered by each member with a Bible verse.

A book report was given last month by Mrs. Ernest Alexander on "Green Light," by Loyd C. Douglas, which was very much enjoyed by all. After the program was over the meeting adjourned, to meet on March 18. The place not decided upon, as yet.

Ellisville Homemakers

By Mrs. Harold McClanahan

The Ellisville homemakers met at the home of Mrs. J. A. Stanford Wednesday, Feb. 6 for a lesson on the "Social hour." The lesson on making sandwiches, cookies, salads and drinks was given by Mrs. Victor Day and Mrs. Jack Tincher.

Eleven members and one visitor enjoyed the report on Farm and Home Week given by Mrs. Margie Wilson, our home agent.

The Kentucky Federation of Homemakers has five standing committees; membership, reading, citizenship, publicity and music. None more important than citizenship.

Citizenship is designed to make the homemaker aware of her community and the extent of its boundaries; her opportunities for service; her responsibilities and a better informed and therefore a more useful world citizen. Each year we try to learn more about people of other countries and to promote friendship and understanding. This year we are studying the fairly new Lebanon, a small republic at the east end of the Mediterranean; north of Palestine with a population of 1,022,000 and an area of 3,927 sq. miles. The Copeis Bierut.

The rural folk of Lebanon live mostly in villages of 100 to 400. Homes are small on less than ½ acre of land. Every inch of land is neatly terraced and planted in fig trees, olives and grapes. Most areas are too dry for gardening, but some slopes facing the Mediterranean are suitable for raising large quantities of tomatoes and other vegetables. The women are learning to can but lack jars and canning equipment. Rayon and especially nylon brought an end to their thriving silk industry. The land along the coast is now planted with bananas.

Through the club citizenship committee gifts are made to the Red Cross, heart fund, polio drive, Nicholas County hospital fund, and once a year we visit the County Home and the Convalescent Home.

The county goal is to take part in promoting or cooperating in Community improvements in health, welfare, recreation, safety, education and spiritual growth.

Next month we meet with Mrs. Victor Day.
