Nicholas Hi-Lites

By Carlos Bromagen

The Senior Class returned from their week's trip to Washington and New York and for a complete story, Eva Lee Lynam and Peggy Hubbard gave this description.

Monday at noon, 27 seniors and two sponsors left NCHS on a school bus for Lexington where they boarded the C&O at 4:20 for Washington, D. C. Other senior schools were taking their senior trips so we made friends with North Middletown and Camargo. We slept on the train that night and before arriving in Washington had breakfast on the train. We arrived in Washington around 8:30 and set out on our journey in the Nation's Capitol. We boarded a sightseeing bus and toured the city of Washington where we saw many beautiful sights. The students knew the guide only as "Ted". He told them the complete story of Washington and many other interesting things as they continued their tour. Next we toured the Capitol where we visited the Senate Chambers and the House of Rep. and many other interesting places. We returned to the bus for a ride to Arlington, Virginia, where we ate dinner at the famous seafood restaurant, Hogades. The food was very good and welcomed by the tired group. We then traveled by bus to see the famous statue of Iwo Jima. This was especially interesting to the group for the reason that a boy from Fleming County was one of the boys that was raising the flag. Next, we visited beautiful Arlington cemetery and watched the changing of guards and while there a Military funeral was in process so we stayed a little longer and watched some of it. After that, we visited the Smithsonian Institute. Then we traveled past the White House and through the zoo where we nearly lost Mr. Finnell around the monkey's cages. We went then, back to the depot and ate a delicious supper before boarding the train for New York.

At 10:30 we finally arrived in New York. After taking our luggage to our room at the Taft Hotel, we all went for "a walk around the town." We started the next day off at 6:30 with breakfast at the Garden Cafeteria. Then we boarded a bus for a tour. We visited such places as the Bowery, Chinatown, Empire State Building and then we went back to the Garden Cafeteria for lunch. That afternoon we rode through Central Park and saw the homes where many famous people have lived and now live. We then visited St. John's Cathedral. Then we traveled to the United Nations Building where a guide showed us around. At 5:30 we ate supper and went back to our hotel. That night some went to shows, some just walked over New York and others stayed in their hotel rooms.

The next morning some students went to the "Strike it Rich" show and the rest of us rode a subway to Macy's, the largest department store in the world which was 11 stories high and covered a whole block. Then we boarded the wrong subway and went to the 76th Street so we had to catch another one to get back to the 50th Street to get to our hotel.

We ate lunch again at the Garden Cafeteria, where we ate all our meals. That afternoon we took a 3 hour cruse around Manhattan Island. We saw the "United States," the fastest ship afloat, passed the Statue of Liberty, Ellis Island, went under the George Washington Bridge, and saw many interesting sights.

That night we went to Radio City and saw the movie "Funny Face," then we saw a stage show featuring the "Rockettes" and the Music Hall Symphony Orchestra. After the show we walked around New York. We had to run to keep up with Miss Ellis and Mr. Finnell. "What walkers!"

The next morning some of the students visited Rockefeller Center. Then we ate lunch, our last meal in New York. At 1:15 we boarded the train for home. At 5:00 we arrived back in Washington and changed trains. We ate supper that night on the train. There were students in the same car with us from Ohio. We talked with them and made many new friends. A few days before we went on the trip Mrs. Wesley told us that all porters weren't named "George" and for us not to call them that. But that name seemed to fit them better than anything else, so, we called them "George". She also told us if we left our shoes in the aisle the porter would shine them, so we hoe right! Julian Riggs asked George if he would shine her shoes. He did and the next day they ripped across the top!

Saturday morning at 5:00 a tired and happy group of Seniors arrived in Lexington. Boo

NEVER NEED CHANGING!

We had sixty-three at Sunday school Sunday morning at the Christian church. Union Church had fifty-four.

Sunday, May 5 is "Go to Sunday School Day. Let's have an attendance of One hundred at both churches. It is also regular preaching day at the Christian church. Let's have a full house for church services.

C.W.F. meeting Wednesday evening, May 1. Circle No. 2 as charge of the program.

CHRISTIAN SCIENCE

The true status of man, created in the perfect image and likeness of God, Spirit, will be set forth at Christian Science services Sunday in the Lesson-Sermon entitled "Adam and Fallen Man."

Luke's account of one of Christ Jesus' healings will be included in the Scriptural readings (Luke 5:12,13): "And it came to pass, when he was in a certain city, behold a man full of leprosy: who seeing Jesus fell on his face, and besought him, saying, Lord, if thou wilt, thou canst make me clean. And he put forth his hand, and touched him, saying, I will: be thou clean. And immediately the leprosy departed from him."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be among those read (259:6-11): "The divine nature was best expressed in Christ Jesus, who threw upon mortals the truer reflection of God and lifted their lives higher than their poor thought-models would allow,—thoughts which presented man as fallen, sick, sinning, and dying."

Cooking is a BREEZE with a cool cooking modern Electric Range

Remember, for a step-down kitchen nothing measures up to electric cooking

You'll breeze through your cooking in more ways than one! First, your kitchen will stay comfortable because electric heat goes into the food, not into the room. And second, automatic controls take over so you don't even have to stay in the kitchen! You're free for other things with a modern electric range. Buy now!

* Live Better... Electrically with FULL HOUSEPOWER

Full HOUSEPOWER provides for more convenient, economical use of appliances you now own and those you will add in the future.

Wiring that provides Full HOUSEPOWER is an investment in better living. Call our office or ask your electrician about the Certified HOUSEPOWER plan.

KENTUCKY UTILITIES CO.

Aging or ripening of beef is the process of holding it at a temperature of 34 to 36 degrees for a week or 10 days to improve its flavor and make it more tender.

Addition of small amounts of zinc prevents parakeratosis in pigs, say USDA researchers. The disease is a non-infectious, mange-like condition.

Poisoned peanuts are the latest wrinkle in mole-control. Placed in mole runways, the thallium sulphate treated goobers have worked well.

PRICE SURPRISE

—and hit of the year to Drive!

Manufacturer's Suggested Price—for this 2-Door SPECIAL 6-Passenger Sedan

$2595.83

(Including Delivery and Handling Charges and Federal Excise Taxes)

Transportation charges, state and local taxes, if any, accessories and optional equipment, including Dynaflow transmission, radio, heater and white sidewall tires, additional.

WE SURE STARTED something when we began showing this price level in our ads.

That opened the eyes of thousands of people to the fact that you can buy a big and beauteous new Buick for hardly more than the price of a smaller car.

But the biggest surprise was yet to come: The discovery of a new kind of driving.

For in this completely changed Buick you have performance, ride, braking and handling like never before.

You boss a new and mighty V8 engine that sends a thrill of pure pleasure right up your spine. It has the "power-pack" built right in—and you don't pay a cent extra for it.

You command instant response from a spectacular new Dynaflow* of such absolute smoothness and split-second obedience that you must try it to believe its wonders.

You have a new surety of control from the powerful new brakes, the precision-balanced new steering, the all-new, full-length torque-tube drive, the new "nested" ride and superb new roadability and the new low center of gravity.

The total experience is something you've never felt before in any other car—even former Buicks.

So go try it. Try the dream car to drive—that's priced to be a dream of a buy. See your Buick dealer today.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

G. E. Duncan & Son

Christian Science speaker May 17 at Lexington

How spiritual understanding of God's goodness brings peace and health will be the topic of a public lecture on Christian Science to be given in Lexington on Friday, May 17 at 8 p.m. by James Watt of Washington, D. C.

Mr. Watt will speak in Henry Clay High school auditorium, 701 East Main street, at the invitation of First Church of Christ, Scientist, Lexington. His subject will be "Christian Science: The Science of Demonstrable Good." The lecture is free, and local members have invited the public to attend.

A member of The Christian Science Board of Lectureship, Mr. Watt is currently on an extensive tour. He is a former Manager of the Washington, D. C. Office of Christian Science Committee on Publication.

During World War II, Mr. Watt served as a Chaplain in the United States Army. A graduate of the Illinois Institute of Technology, he was formerly associated with various engineering companies in the United States and abroad. Later he was Director of Research and Western Manager for The Advertising Checking Bureau, with headquarters in Chicago. He has devoted his full time to the practice of Christian Science healing and to the service of the Christian Science organization since 1942.

East Union

By Mrs. Worth Scott
