## Worms damage Burley beds

Grubworms, which appear in tobacco plant beds during the 2 leaf stage, do considerable damage through "churning" action of plant-bed ground.

Parathion dust will give quick control, the specialists report. Use a 1-percent Parathion dust at the rate of 2 pounds per 100 square yards. Dust evenly onto ground or through a dry plant-bed cover.

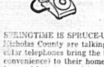
Telephone Talk
by CLYDE WATTS
Your Telephone Manager



SPRINGTIME IS SPRUCE-UP TIME! And folks all over Nicholas County are talking about the way those smart color telephones bring the breath of spring (and a lot of convenience) to their homes. Soft colors like ivory, yellow and beige are mighty popular, probably because of the feminine influence in our homes. Six other shades to choose from, too—gay as spring garden—for contrast or harmony with room decorations. But take a tip from me. Most of all, you'll like the many, many steps extra phones will save around your home. If you'll give our Business Office a ring, we'll give you the full story on how to make yours a "well-telephoned" home, at low cost.

• • •

"IT'S A GIRL!" When there's a "blessed event" in the family the happy Dad just can't wait to get to the phone to share the good news. And when baby comes home, the same phone helps so many ways. It goes to the drug store, department stores, doctor's office. And it's like that with all of us. Just think how often the telephone eases your mind . . . buys things you need . . . makes life easier and more pleasant every day. These days you take your phone for granted, and we want you to. In days to come you'll see lots of exciting new things . . . telephone TV, for instance . . . that will make your phone even more a part of pleasant living.

• • •

TELEPHONE TIPS—Your out-of-town calls go through twice as fast when you give the operator the number of the person you're calling . . . Your telephone cord will never tangle again once you get a handy, stretchy spring cord . . . You solve shopping problems fast when you check Carlisle's Yellow Pages first for the product or service you need.

loves to cut loose and cover the miles!

If you're looking for a real "escape artist," a car that loves to step out and get away from it all—well, it just happens that Chevy was born with that urge.

If there ever was a car that loved to cut loose and cover the miles, it's this one. Yet it's so easy to handle that it even makes city traffic seem a bit lighter and parking places a bit bigger.

Chevy's pretty easygoing out on the highway too. Not pokey. Far from it. You find, for example, there isn't a hill around that can make it breathe hard—not with Chevrolet's high-performance V8 on the pulling end. You've got up to 265* horsepower here for the biggest helping of driving pleasure found in the low-price field!

Chevy's new Positraction rear axle (optional at extra cost) adds still more pleasure. It delivers greater power to the wheel that grips, not the wheel that slips. You have surer control and better traction on any road surface.

Stop by your Chevrolet dealer's before another good driving day goes by.
