"God's Long Arm Reached Down to Help Me!"

For almost a lifetime, the woman had stood on the threshold of the Catholic Church—uncertain whether to come in or stay out.

"Seemingly," she says, "I was born loving the Catholic Church. This she attributes to a "small miracle," inasmuch as her parents were not Catholic, or even religious, and "our relatives and friends were none of them Catholics."

As a child, she loved to visit Catholic churches, to light candles and pray the rosary. But as she grew older . . . and read to evaluate Catholic beliefs on her own limited knowledge, or upon the mistaken opinions of others . . . a wall of obstacles" kept getting in the way.

In the midst of her confusion and uncertainty, she enrolled for the Knights of Columbus course of Catholic instruction which is given free by mail. And now a Catholic, she says "I am filled with wonder and gratitude that God's long arm reached down to lift me up so tenderly."

It is unfortunate, but true, that many people seeking knowledge of the Catholic Church encounter a "wall of obstacles" as this woman did. The reason is, usually, that so many of the "facts" they hear about the Catholic Church are not facts at all, but misrepresentations or the fruits of misunderstanding. Even those who admire and respect the Church . . . and who wish to hold for it only sentiments of tolerance and good-will . . . are often confused and deceived.

There is, of course, only one fair and proper way to understand and evaluate Catholic teachings and worship. That is by getting the facts about them from an *authentic* Catholic source. And that is why the Catholic Church says again and again . . . "INVESTIGATE!"

Maybe, after investigating, you still won't want to share the Catholic reverence for Mary. But you *WILL* understand it. You *will* know why and how Catholics obey the Pope. You will understand the Catholic attitude on salvation outside the Church . . . why Catholics use statues and holy water . . . why Catholics say the Mass is truly a Holy Sacrifice.

And now it is so easy to investigate . . . so easy to get the facts . . . without cost, trouble or embarrassment. Just fill out the coupon below and MAIL IT today, and a highly interesting pamphlet will come to you by return mail . . . under plain cover—and nobody will call on you. Just ask for our Free Pamphlet No. KC-7.

Weed-Free Tobacco Beds. Here's how to do it. Sprinkle VAPAM® on your seed beds now. Come spring, you get more seedlings per square yard — up to twice as many. And only a few — if any! — weeds. Your seedlings are really strong and vigorous. You can transplant fast for the best crops you've ever seen.

Make more profit next year! Don't share your crop with weeds and soil borne diseases. Put VAPAM on your seed beds now. No special equipment needed. It's so easy and safe to sprinkle on. You get stronger seedlings, weed control and more profit. Do it now for best results. Approved by the Department of Agriculture and leading growers for all food and fibre crops.
