C.H.S. News

by Judy Galbraith

The Nicholas County Fair is over again for this year. As usual it was a success, mainly because the students and adults worked hard to make it one. I hope everyone went down and looked at all the exhibits, it would have been worth the time.

I said I would give more details on the F.H.A. Homecoming Dance when I found out. Here's all I know right now. The Dance will be held at the Carlisle Armory, Oct. 18. Both Cynthianas and Carlisles teams are invited, along with the students from both schools.

Speaking of Football, every one is proud of the Musketeers. They won again Friday night by defeating Lancaster 13 to 0. In the C.K.C. standing the Muskies are tied for first place. The Musketeers and Shelbyville are the only two teams in the C.K.C. that haven't been scored on this season. Keep up the good work boys and remember the season isn't over yet.

The Muskies meet M.M.I. here Friday, Oct. 4, at 7:30 CDT. Everyone come out and cheer the boys on. They certainly deserve it.

Congratulations to Donnie Smith, the Senior Student of the Month. If you bought a school paper you saw his picture on the front page.

The School Patrol Boys deserve a lot of credit for the wonderful job they did Friday night at the Ballgame. They parked more cars on the field than has ever been on it, and got them out quicker after the game. That was a real good job boys. We're proud of you.

The students will be able to enjoy a holiday Friday. There is a C.K.E.A. meeting at Richmond for all the teachers. So have a happy holiday.

I can't think of any more news, see you here next week.

THAT GAS METER—It must be read! And each month Brooks Henson climbs over junk piles or washes his hands and arms with dew to keep a constant check on the distribution of natural gas. Mr. Henson is shown in the above picture checking the total consumption against the city's master meter on the Scrub Grass road, but Brooks has been doing an admirable job during the more than six years when he started with 12 meters to be billed in June 1951. By December there were 161; 260 the following year, another hundred the next and so on until today he is reading 525 meters with a commutative estimate of 535 by December. During the first month the city owned system operated 23,000 cu.ft. of gas were sold. in 1956 69,335,000 cu.ft. and this year an estimated 74 million cubic feet. The cost of gas to the city has increased 30 per cent, but no increase has been passed on to the customer and $54,000 of the $100,000 bond has been paid off. Brooks also reads more than 500 water meters, supervises street repairs and makes all gas and water taps —TCM photo

Farm Bureau, Sheep Association discuss dog laws with court

Representatives of the Nicholas County Farm Bureau and Sheep Association met with the Nicholas County fiscal court October 1 to discuss the failure of dog owners to license their dogs and have them vaccinated.

After considerable deliberation members of the fiscal court decided they would notify J. W. Fryman, Nicholas County Dog Warden to obtain warrants for the arrest of anyone owning a dog which is not licensed, a spokesman for the court stated.

The Farm Bureau and Sheep Association representatives indicated their complete approval of this procedure and stated that they would cooperate with the dog warden in every way possible in supplying help or information concerning unlicensed dogs.

PO urges observance of Letter Week

For the past 19 years the post office department has joined in the observance of National Letter Writing Week, October 6-13, an annual event celebrated to emphasize the meaning and value of letter writing as a symbol of American freedom.

As a result of its success, National Letter Writing Week will be conducted on an international basis this year for the first time. International Letter Writing Week is based on the idea that written communication between people in all the countries of the world will contribute toward the building of a lasting peace.

A personal letter is next to an actual visit, the most intimate means each of us has to communicate with our fellow beings. Letters between peoples of different nations are a sure method of establishing friendly relationships and understanding. The problems of freedom loving peoples will be more quickly solved if they are better understood.

All citizens of Carlisle and Nicholas County are urged to join in this first celebration of International Letter Writing Week and at the same time write that overdue letter to friends and relatives in America.
