Carlisle West Homemakers

by Mrs. Mae Berry

The Carlisle-West Club met in the assembly room Friday afternoon, April 11, with nine members present.

Our president, Mrs. Gardner, presided, and with the assistance of Mrs. Wilson, the lessons for the coming year were planned and discussed.

The District meeting to be held at Danville, April 21, was announced, and plans were set up for some of our group to attend.

The Main lesson for the day was Dishwashing The Easier Way, and was given by Mrs. Russell Shroat.

Ways To Clean Silver was also a part of this lesson, and was given by Mrs. Albert Henry.

Our next meeting will be at my home on May 9.

C.H.S. News

by Judy Galbraith

Hi everyone. Isn't the weather pretty now. Maybe spring has sprung (I hope it's still pretty when you read this.)

The Jrs. and Srs. have completed their plans for the trip. We will leave April 30 and stay at the Natural Bridge Hotel, in Virginia that night. May the 1 and 2, we will stay at the Ehlut Hotel in Washington. We're looking forward to havin ga wonderful time.

Friday night the Juniors and Seniors had their Soc-Hop to raise money for their trip. I'm very sorry to say that there was not a very big crowd attending.

The tickets are now on sale for the Senior play, "So This Is Bliss." at the Carlisle Drug store. The play will be April 25.

This six weeks ends Friday, April 17, and then begins the last six weeks of this school year. It's really gone fast.

Wednesday, April 23 the Carlisle choir, goes to Lexington to the State Music Festival. The selections sung will be "The Desert Song," by Romberg, and "You Let Every Tongue Adore Thee," from the Contata "Sleepers Awake."

I want to again remind everyone of the Ice Cream Supper, April 28 at the Carlisle high school. This is our last attempt to raise money for our school trip .so I hope everyone will come.

That's it for now, see you next week.

Hornflies problem on Dairy, Beef cattle

Here's how to take care of horneflies. those small, blood sucking flies that make beeves and dairy cattle miserable this time of year:

DAIRY CATTLE. Take one tablespoonful of Methoxchlor (50 percent wettable powder) and rub it in thoroughly on the backs, necks and shoulders of dairy animals. Do this every three weeks and rub in thoroughly each time. A spray containing pyrethrins also may be used twice a week if label directions are followed.

Because of danger of getting insecticide residues in milk, many materials once recommended for sprays CAN NOT be used on dairy cattle.

BEEF CATTLE. A five-per cent spray of methoxychlor toxaphene or malathion should be used every three weeks, apply thoroughly to each animal.

For back-rubbers, methoxychlor, toxaphene or DDT as a 5 percent oil solution can be used at the rate of one gallon per 20 feet of cable back-rubber.

DDT sprays should NOT be used on beeves or dairy cattle, says Richard Thurston, Experiment Station entomologist; malathion should not be used on calves of either type which are less than one month old.

Poplar Plains, visited her daughter, Mrs. L. C. Cord Jr. and Mr. Cord, Sunday.

Mr. and Mrs. Walker Rigdon and family of Nepton, visited Mr. and Mrs. Floyd McCord, Sunday.

Why We Are Sure of EVERLASTING LIFE

Of all the questions that confront a human being, none is so important . . . none so perplexing . . . as:

What happens after death?

A few will contend that there is no life hereafter . . . that man ends his days in a blank nothingness like animals. But for most people, there is a natural and instinctive hope that life on earth is only the first step toward a more joyous eternal life to come.

This instinctive hope, however, carries with it no conclusive proof that there is a life hereafter, and no obvious "blue-print" showing how to attain it. Because of this, many are bewildered — uncertain of the earthly way of life that will determine their eternal destiny.

Catholics, of course, do not claim that they alone are capable of having a greater knowledge of eternity than is available to any one else. But where some may be confused and uncertain, the Catholic finds certainty in his Church for that time when "the night cometh that no man can work."

You may hear it said that this is only a blind and superstitious faith . . . that Catholics are merely "whistling in the dark" . . . that the Catholic Church doesn't know any more about God's plan for our destiny than does any one else.

On the contrary, Catholics believe that the way of life prescribed by Jesus Christ is God's Own plan for our salvation. We believe further that Christ established the Catholic Church to perpetuate His teaching — and administer His Sacraments . . . and that is has done so from the time of Peter down to this very moment.

It is often said that the faith placed in Christ by Catholics . . . and by other Christians, too . . . is unwarranted by facts and reason. A powerful answer to this will be found in our pamphlet: "The Way To Everlasting Life . . . The Catholic Church." Even though you may not be interested in the Catholic Faith, this pamphlet will help you better to understand God's plan for your life.

We invite all people of good will to write for a free copy of this pamphlet. It will be mailed in a plain wrapper and nobody will call on you. Write today . . . ask for Pamphlet No. KC-20.

Ellisville Homemakers

by Mrs. J. A. Standiford

Each meeting of the Ellisville Homemakers appears to become more interesting. Mrs. William Hudnall was hostess to a full house of club members on April 7. The devotional leader was Mrs. Jack Tincher, reading the Easter Lesson from the 20th Chapter of Mark. The Landscape notes were presented by Mrs. W. J. Kenton.

Two more essays on "What my grandmother told me" were read by Mrs. William Dollins and Mrs. J. A. Standiford. These essays have proved quite instructive and very interesting. While listening, as they are read, one compares the advantages that homemakers have today with those of grandmother. They make one grateful to have the opportunity of living today from the standpoint of comfort and ease. The true human interest stories were thrilling and each one who has contributed an essay seems humbly proud to have descended from these brave and coragcous women of yesterday. The comparison was more forcefully brought to mind as Mrs. William Dollins and Mrs. Victor Day explained the Lesson on "Kitchen Shortcuts".

Mrs. Charles Ishmael expects the club members to meet with her on May 7.
