C.H.S. News

by Judy Galbraith

By the time this column is printed, we (the Jrs. & Srs.) will be on our annual school trip. I'll tell all about it next week.

The Band went Tuesday, April 29, to Louisville, to play in the Ky. Derby Festival Parade. I hope everyone that could, saw them on television as they paraded by. This was an honor, and everyone is proud of them.

Saturday, May 10, the Band goes to Lexington for the State Band Contest. Good Luck.

There's not much news this week. The trip takes care of that, so please excuse me this week, and I'll have plenty next week. (I hope). See you then.

Hooktown

By Daisy Ritchie

Junior Hopkins, wife and son and Mrs. Virginia Beaton and two children of Lexington, spent last Sunday with Mr. and Mrs. Levi Whitaker of Cynthiana.

Daisy Ritchie spent last Sunday with her sister, Mrs. Alvin Heflin.

Ernest Mastin and wife of Newport, spent Sunday with his parents, Mr. and Mrs. Earl Mastin and family.

Mrs. Dora Harney spent one weekend recently with Mr. and Mrs. Georgia Hyatt of Millersburg.

Daisy Ritchie spent one weekend recently with Mr. and Mrs. Walter Hill of near Jacksonville.

Mr. and Mrs. Ray J. Snapp and children of Paris, spent Sunday with Mr. and Mrs. Roy E. Snapp.

Mr. and Mrs. Edward Comely and two children of Cincinnati, spent Saturday and Sunday with Mr. and Mrs. Strauder Hollar.

Several from here attended the Band Concert held at Nicholas County high school on Sunday evening.

Mr. and Mrs. Alex Crawford and daughter spent Sunday with Mr. and Mrs. Calvert Busby and Mr. and Mrs. Gene Kenney.

Miss Ramona Hollar spent Friday night with Misses Martha Ann, Janice and Brenda Flora of Bald Hill. On Saturday they attended the F.H.A. meeting at Maysville.

Is The Catholic Church A MENACE TO DEMOCRACY?

Every now and then a false rumor about the Catholic Church gets into circulation and—for a time—fools a lot of people.

Usually such rumors die out when fair-minded people learn the truth. But some of them pop up again like "ghosts" out of the distant past, to deceive people who have not heard them before.

The one most prevalent today is that American freedom is in danger from "the anti-democratic program of the Roman hierarchy." This, to some people, will sound new and alarming. Actually, there is nothing new about it.

Catholics of a century ago heard the same "alarm"... that the Church was hostile to our form of government—that she was anti-republican in spirit and influence—that she would disregard our free institutions and deprive us of self-government.

Even those who do not understand the teaching and practices of the Catholic Church will have to admit the falsity of this rumor ... for the evidence of a hundred years contradicts it in every particular. The Catholic people always have stood shoulder-to-shoulder with their non-Catholic fellow-citizens in building and defending our liberty and free institutions.

The rumor of today ... like the rumor of a hundred years ago ... does not claim that the Catholic Church is harmful to men's souls. It does not claim that the Church endangers the salvation of mankind. Its entire objection is that the Church is hostile to our political and social institutions.

In this there is a remarkable resemblance to the "alarm" sounded against Jesus Christ Himself.

"If we let this man go," said the Savior's critics, "the Romans will come and take away our name and our nation."

Some think that Catholics should get their blood pressure up and reply angrily to these rumors. This is not necessary. We know that the American people of all faiths ... with their traditional sense of justice ... will hear this ugly ghost back into its closet without our help.

But if you would like to know the Catholic attitude toward democratic freedom, our form of self-government, and the rights of the State and the individual, write today for free pamphlet on the subject. It will come to you in a plain wrapper—and nobody will call on you. Just ask for Pamphlet KC-21.

Taylors Creek Homemakers

The Taylors Creek Club met Wednesday, April 16, with Mrs. Arthur Earlywine with ten members and Mrs. Wilson present.

Mrs. Glenn Clay presided at the meeting which was opened by the devotional given by Mrs. Taylor Ring.

The lesson on "Kitchen Short Cuts" was given by Mrs. Joe Sapp and Mrs. Spencer Gaunce. Many helpful household suggestions were given by the leaders such as cleaning the silver brass, and copper. Ideas on dish washing and a demonstration on setting the table correctly were given.

Projects for the coming year were planned and discussed.

Mrs. Joe Sapp was in charge of the recreation period, which was enjoyed by all.

The May meeting will be held at the home of Mrs. Kenneth Kearns.

Put eroded spots into production

Get eroded spots in fields back into eventual production, says Lyle Leonard, Kentucky Extension service conservationist.

Eroded areas produce less in crops and hold less water, each time they are plowed they get successively worse.

Here are some tips.

Keep eroded spots on field edges in sod, manure or fertilizer will improve it still more.

In a field, put eroded spots in summer cover when the rest of the crop is sowed. Use sudan grass, thickly sown sorghum, or lespedeza; these will protect the spots and eventually result in improvement; successive treatment can build these wash areas back to good productive levels.

- Mower comes completely assembled except for handle.
- Chrome handle ½" tubing.
- 5 cutting-height adjustments.

VAN HOOK HARDWARE COMPANY

Pike St. Cynthiana, Ky.

a peek at the STARS

by LYN CONNELLY

BROADWAY musicals, long regarded as a potent source for hit songs, failed to produce one best selling single record during 1957 . . . This fact is especially disturbing to the music business in view of the fact that many of the shows had an extensive number of single recordings by such top names as Tony Bennett, Doris Day, Jo Stafford, Vic Damone and Sammy Davis, Jr. that just a year ago would have been sure hits.

Movies, on the other hand, turned out several smash hits in spite of box office slumps . . . Included in the Hollywood hits were several by Elvis Presley (but who else?), Pat Boone, two by Johnny Mathis and such legitimate times as "Around the World," "Tammy" and "Fascination".

Television established a few hits including "Tommy Sands' big "Teenage Crush," Ricky Nelson's "I'm Walkin'" and Jill Corey's "Love Me to Pieces."

PLATTER CHATTER

CAPITOL—obtains keeps rolling out those hi-fi albums and one is better than the other . . . The man is phenomenal . . . His latest is Frankie at his best . . . Called "Come Fly With Me" he takes you on a high-flying trip to three continents as he sings with casual charm and warmth such favorites as "Autumn in New York," "April in Paris," "Isle of Capri," "Road to Mandalay," "Brazil," and "Blue Hawaii" . . . It's the greatest.

Keely Smith, talented spouse of Louie Prima, steps out on her own and comes up with a fresh, exotic personality that shines through the range of songs selected in fine fettle . . . This gal is versatile and adds color to such oldies as "Word Your Lover Has Gone," "I Understand," "Imagination," "Fools Rush-In," "When Day Is Done," "Mr. Wonderful," "As You Desire Me," and the title song "I Wish You Love." And we wish Keely love for a great job on her debut album.

Mrs. Laurie Blake leads discussion

Old Age Assistance, as it is administered in Kentucky under State and Federal laws, rules and regulations, was the topic discussed at the meeting of the Nicholas County Social Service Advisory Committee on April 16.

Leading the discussion before the Committee was Mrs. Laurie Blake, Field Worker Division of Public Assistance, Department of Economic Security. Mrs. Blake outlined the various eligibility requirements which must be met by persons seeking Old Age Assistance.

Age, of course, is a primary factor, the applicant must be 65 years of age or over. More than a mere statement on the part of the applicant is required, the speaker said. All recors bearing upon the date of birth of the applicant must be examined by the field worker. These may include birth certificate, confirmation certificate, baptismal certificate, insurance policies, licenses (hunting, fishing, marriage, etc. newspaper clippings reporting birth of applicant, census records, Bible records, and affidavit of age.

An applicant for Old Age Assistance must be a resident of Kentucky for three years of the last seven years, and the preceding year must have been continuous in the State, the speaker continued. Persons residing in public institutions cannot receive Old Age Assistance, unless they are in an approved medical institution. They can receive assistance if in a private institution which meets the standards of the Department, and if they are otherwise eligible.

A recipient of Old Age Assistance is permitted to own an equity in real property as follows: (1) A homestead, the value of which does not exceed the maximum allowed by the Department; (2) A homestead formerly used or intended for a homestead but not occupied by the recipient because of illness, infirmity, isolated location of property, or other compelling conditions, provided the equity does not exceed the maximum established by the Department. (3) The fair market value of any other real estate is to be considered in the same manner as personal property.

No applicant for Old Age Assistance is eligible if his personal property exceeds the $500 maximum set by the Department, and all kinds of regular income is considered in figuring an assistance plan, the speaker said. Adult children are responsible by law for parents support. Whether this income is received or not received, it is included in the assistance plan or budget as income.

The Nicholas County committee, appointed by the Governor by authority of KRS 205.230, serves in an advisory capacity to the Commissioner of Economic Security in relation to the programs of the Division of Children s Services and the Division of Public Assistance. Members of the local committee include: Judge Floyd Clark, Chairman; Rev. Robert Raborn, secretary; Mrs. Catherine Hopkins, Mrs. Ann Shearer; William Power; Maurice Whiteley; Roger Womack; Mrs. Glenn Clay and Mrs. Sam Day.

The next meeting of the committee is scheduled for May 16, at which time the program of Services to Children in Substitute Homes and Institutions will be discussed by a representative of the Division of Children's Services.

Carbon monoxide poisoning is a constant danger in use of internal combustion engine equipment. Check faulty mufflers and exhaust pipes.

NEW-TYPE Concrete

The new look in highways is here. Shown, a modern highway of sound-conditioned concrete

New-type, sound-conditioned concrete for your newest highways

Developed to meet the highway standards of 1975

Everything a good driver wants—new-type concrete has. There's never a "thump." It's sound-conditioned. Laid continuously, this pavement has no joints . . . only tiny, almost invisible cushion spaces, sawed into the concrete. You skim over them and don't know it! This new-type concrete is laid fast—stays fast. It has a life expectancy of 50 years and more.

Over 90% of America's most heavily travelled roads have been built of concrete. It's the preferred pavement for new primary roads.

The true cost of Kentucky's new highways

It all depends on how long they last. New-type concrete has a life expectancy of 50 years and more. First cost is moderate. Maintenance costs are lower than for any other type of pavement. That's why tax dollars go further with concrete.

PORTLAND CEMENT ASSOCIATION 805 Commonwealth Bldg., Louisville 2, Kentucky

A national organization to improve and extend the uses of concrete
