COMMENT

K.T.F.

Last Sunday was another spring-like day. March did come in like a lamb. So if it does go out like a lion, at least April will be here with its early blooming flowers.

* * *

As we were walking home from church last Sunday Mrs. T. Rowland called to us from her front porch. When we walked over there she stood straight as could be holding her one eye saying, "I really don't need this." It had been only four months since she fell and broke her hip. Indeed the prayers of her many friends had been answered.

* * *

I heard from several people that tobacco beds were being burned in the County this week-end signing "so far behind"

* * *

The crocuses and snow drops are blooming. Don't you think they are an encouraging sight?

* * *

I saw Mrs. Harry King and Miss Jane King in Lexington, Wednesday. So nice to know Mrs. King is able to be out again after her serious illness.
