Supt. Wesley gives Sandidge eulogy

NOTE: This address was delivered at the final commencement exercises of Nicholas County high school on Thursday evening, May 29.

In life there are many things that are perfect within themselves and any attempt to add to their completeness or beauty results in taking away rather than adding to their perfection. Today, May 29 has been a perfect day in all respects. To try to change the sunshine or to add to the breeze would have marred its beauty. To attempt to gas any kind of tribute to Willard Sandidge is similar to try ing to improve upon this day.

It can truly be said of Mr. Sandidge that he was a man of intellectual brilliance a man of profound understanding a man who was illustrious in character and devoutly Christian. Yet when you reflect upon these words you will find that they do not convey a complete description of his personality.

Mr. Sandidge was a man of sober intelligence. When we think of intelligence as a person's ability to meet and deal with various situations then we cannot forget the sober manner in which he met and dealt with every situation. His knowledge of children and his experiences with children gave him a vast storehouse of abilities from which to draw and justified our admiration for his sober intelligence.

Every person that came in contact with the principal was impressed by his friendly and human understanding of people. Friendship cannot exist unless there is mutual respect and affection. To be human is to live above the animal kingdom and set never reach a Divine plateau. In dealing with children Mr. Sandidge always had respect and affection for the child and consideration of his problem. No child was ever dealt with as an animal to be tamed or to be restrained in a cage and neither were children expected to reach the perfection of angels. It was his friendly human understanding that made his counseling in all situations helpful and left no trace of unpleasantness.

Other than the soul of a man there is perhaps nothing more eternal than his character. While reputation may fade with time, character remains unchanged. Sturdy qualities of truthfulness reliability honesty temperance and cleanliness of conduct resulted in Mr. Sandidge being a man of substantial character which will remain unchanged with the ages.

Mr. Sandidge was a believer in the teachings of Christ and his life and his character accounted for a degree of humbleness that produced a rich sense of life. There are several ways in which it can be determined if a piece of cloth is pure wool. Some persons can tell by the feeling of the cloth; some use other methods, while a few use a match and burn the cloth. If the cloth is pure wool, by any test, he was determined to be genuinely Christian in every respect.

In The Service

Appointed To Supt. List

Midn. Gary S. Flora, son of Mr. and Mrs. Raymond E. Flora of Route 1, Myers, has been appointed to the Superintendent's List at the U. S. Naval Academy, Annapolis, Md., for his accomplishments during the second term of the academic year 1957-1958, it was announced today. The List is similar in many ways to the Dean's List at many colleges and universities. In order for a midshipman to be so honored, he had to meet a minimum academic average of 3.3 (B2.5's) in his studies, have a mark no lower than 3.2 (B2.5's) in aptitude, and possess a conduct standing satisfactory to the Commandant of Midshipmen. Those who achieve the distinction of making the Superintendent's List, are granted special privileges commensurate with their class for the succeeding term. This also creates among the midshipmen an increased interest in doing well and taking deeper pride in their work.
