HOW MUCH ARE YOU WILLING TO PAY TO HAVE WHISKEY IN CARLISLE? Carlisle is a small town and most of you know what happens here from day to day.

Now, think about these questions: (1) Other than about three or four people, who will sell the Whiskey, who else will make money?

(2) Other than the honest money you are now earning, how much additional money do you expect to earn if whiskey should be sold legally?

(3) If you could sell whisky legally, would you want to quit the work you are now doing and go into the whisky business?

(4) Are you willing to vote against yourself, your children, and your family so three or four people can drive bigger cars, throw bigger parties, and live in ease from the profits of whiskey?

Do you know the answers to these questions? 1. Will the license fees from the whiskey places pay the expense of alcoholic beverage administration?

2. If the license fees from the liquor places would pay the expenses, HOW MUCH MONEY WILL BE LEFT OVER? 3. If the license fees will not pay the expenses, THEN WHO DOES PAY THE EXPENSES?

REMEMBER, THE WHISKEY DEALER PAYS FOR A LICENSE AND HIS RESPONSIBILITY ENDS, THE TAX PAYER ASSUMES ALL OF THE RESPONSIBILITIES AND OBLIGATIONS. THE WHISKEY DEALER GETS THE PROFITS. THE TAXPAYER PAYS ALL THE BILLS.
