COMMENT

Kay T. Fisher

With cooler days at hand you might be more interested in the latest fall fashions. All of us like to feel that our clothes have a bit of the new style about them. As for myself even a hint of some of the recent original models would be too much. The newest thing is the tea-cozy silhouette, by Balenciaga. Are you familiar with a tea-cozy? If so try to visualize yourself draped in a tea-cozy. If not, just forget the whole thing. You wouldn't like it anyway.
