CHRISTIAN SCIENCE

The every-availability of divine, impartial mercy and justice will be explained at Christian Science services on Sunday.

One of the selections from the Bible in the Lesson-Sermon entitled "Everlasting Punishment" is this from Proverbs: "Forsake the foolish, and live; and go in the way of understanding" (9:6).

Passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (6:18): "To suppose that God forgives or punishes sin according as His mercy is sought or unsought, is to misunderstand Love and to make prayer the safety-valve for wrong-doing."

The Golden Text is from Psalms (139:7): "Let Israel hope in the Lord: for with the Lord there is mercy, and with him is plenteous redemption."

Moorefield school briefs
by Mrs. Lucile Irvin

A big Halloween Carnival is planned for Friday night, Oct. 31, to be held at the Moorefield School. The P.T.A. will be in charge of the kitchen and a variety of food will be served. We invite everyone to be present and get better acquainted with our school.

This year at Moorefield school we opened with 154 pupils enrolled but we had seven to move soon. However, this week we have had new ones to come in. Mrs. Rye has the first grade and part of the second. With 27 pupils; Mrs. Ecton has part of the second and all of the third with 32 pupils; Mrs. Becker has 31 in the fourth grade and part of the fifth; Mrs. Smart has 31 in parts of the fifth and sixth grades; and Mrs. Irvin has 30 in part of the sixth and all of the 7th. This division of grades has come about because of the minimum foundation program which says no teacher must have more than thirty-three pupils. We had six teachers but lost one due to the decrease in pupils.

Our school burned more than ten years ago and we have had to replace everything as nothing was saved. At present we have acquired three sets of reference books, large dictionary, Atlas, library books, two adding machines (one small portable) typewriter, duplicator giant stride, two slides, two sets of swings, parallel bars, record player, rhythm band instruments, electric sewing machine, iron and ironing board. At present our greatest need is for library books.

We have a 4-H Club, of which Luann Ellison is president with Mrs. Gum, Mrs. House, and Miss McFarland as our sewing leaders. We have won many ribbons.

We also have a Conservation Club with Clifford Phillips as president and Mr. Duncan and Mr. Holland as leaders.

Our P.T.A. is very active with Mrs. Charles Sparks as president. Already this year the P.T.A. has bought the material for new draperies for the dining room.

Mrs. Bailey and Mrs. McQuithy are our capable lunchroom workers, keeping us well fed and helping us in numerous other ways.

The elementary school is a very vital part of our educational system. This summer we have heard of several who had their elementary training here at Moorefield who have had signal honors come their way. William D. Judge who teaches at Lafayette, received the high est honor in Agriculture that can be attained. Ralph Hovermale received his Ph.D. and a Fullbright scholarship to study in Europe. Jimmie Judge has just returned from Oklahoma where he has been an Army instructor. George Judge received his Ph.D. a year or so ago. I am reciting these facts about former students to prove to you that one can attend a Country School and still make a mark for oneself. So parents are urged to lend their interest, support and cooperation with their school.

Our Halloween Carnival will be of the usual variety—supper, contests, crowning of the King and Queen with Joan Mc Kee and Earl Willoughby, First grade; Billy House and Connie Clinkenbeard, 2nd grade, Bobby Judge and Bonnie Gum, 3rd grade; Charlotte Stacy and Cleve Allen Stone, 4th grade; Allen R. Sparks and Wanda Bromagen, 5th grade; Judy Whitaker and Paul R. Ecton, 6th; Judy Mitchell and Phil Weaver, 7th. There will also be cake walks, novelties, etc., so we hope to see you Friday night, October 31, and please vote, with your pennies, for the King and Queen of your choice.

Inside the walls of C.H.S.
by Harriet Clark

Hello again!

Well, tomorrow night the ghost and goblins will be back to raid our fair city once again. From some of the rumors I've heard, you'd better be well stocked on treats or you might be the victim of our hallo-e'ween'ers.

To begin the night, the P.T.A. will sponsor the hallo-ween carnival with the help of the Jrs. and Srs. Don't miss the witches' den. That's to be the greatest ever. So don't be left out. Find some one to hold your hand and enter into the cave of the witches'. And if you don't survive, don't worry. We'll hold you over and you'll you next year.

The Srs. and Jrs. are also sponsoring the cake-walk. Cootie is new game you're sure to enjoy! Un-pins, the country store, candy dept. and the sponge throw. If you're a Soph. or Jr. or Sr. now's the time to get even. Throw some wet sponges at them.

Tuesday afternoon, most of the students were dismissed to attend "The Ten Commandments." Thanks, Mr. Wyrick, for showing us the movie at special rates. Except for your generous offer, many of us would have missed this movie, which we consider the greatest ever produced.

Thursday night ends our football season. The game to be played in Mt. Sterling, will begin at 8:45 C.D.T. If you saw our boys play at Cynthiana you know they've got what it takes. Let's go over there and show them we're behind them all the way.

The Jrs. and Srs. will really be rushed. Saturday morning we'll clean the armory for our soc-hop Saturday night. I don't think I told you Len Carl was elected. I'll tell you now. He is. The soc-hop begins at 8:00 C.D.T. Naturally the money is for the annual and class trip.

The Carlisle Musketeer's jackets plades have arrived. They're $1.00. So if you want everyone to know you're from Carlisle High or you're supporting us, now's your chance.

You might find an extra school paper if you were late and didn't get yours. You don't know what you're missing if you don't read this.

The F.H.A. girls met Thursday in the Home-Ec room for their monthly meeting. Emma Lou George told us about her trip to Home-Ec camp.

That's all the news from C.H.S. for this week. See you again next time!

F.H.A. news

The Carlisle F.H.A. Chapter held their regular meeting Oct. 23 and discussed plans for Kansas City.

Emma L. George gave a nice talk about the trip to Kansas City. She represented one of the Kentucky girls.

He attempted to outrun the police cruiser and crashed into a tree, damaging his car. He was treated at the Nicholas County hospital for cuts and bruises.

Tomatoes originated as wild tomatoes in South America. From there they traveled to Central America and then gradually spread around the world.

Tomatoes are the most practical home grown source of vitamin C, one cupful furnishing two-thirds of the daily requirement. Although vitamin C is often destroyed in cooking or storage, it stands up well in cooked or canned tomatoes.

Co-Ops to furnish electric appliances to schools

A plan to supply high school home economics classes with modern electric appliances has been worked out by Kentucky's rural electric cooperatives, the State Department of Education and county school officials.

The first of these appliances will go in shortly after January 1. The appliances are to be replaced each year. In other words, when the appliances are about one year old, they will be taken out and newer models will be installed. Thus the girls will always be working with the latest in electric appliances.

The appliances will be available to home economics classes in any of the 112 of Kentucky's 120 counties served by Kentucky's rural electric co-ops. Indications are that at least

Dr. Cain, 60, suffers burns at his home

Dr. William Noel Cain, 60, a retired physician, was listed in critical condition at Good Samaritan hospital Monday night with burns he suffered when flames swept through two rooms of his home at 333 Transylvania Park, Lexington.

Attendants said Dr. Cain suffered second and third-degree burns about his face, chest, back and one arm. The burns covered about 30 per cent of the skin area, they added.

Dr. Cain was alone at his home when the blaze was discovered by neighbors. Firemen had to force entry to the two-story structure. They found Dr. Cain lying on the bathroom floor.

The blaze, firemen said, centered in the living room and appeared to have started in or near a couch. They said the heat in the living room was so intense that the safety glass in the TV screen set there had melted.

Police quoted Mrs. Cain as saying that her husband was a diabetic and frequently watched TV from a seat on the living room couch.

Officers theorized that Dr. Cain went to sleep while smoking. They said he apparently awoke to find his clothing afire and ran into the bathroom, where he fell, cutting his head.

Firemen said the flames caused several hundred dollars damage to the house and its contents.

Dr. Cain is a native of Car-

Isle, a son of the late James and Mrs. Mamie Kenealy Cain.
