Soil Bank

(Continued from page 1)

ASC Committee in establishing rates for the farm. The chief facts needed, Chairman Vice said, are acreages and yields of the three principal crops on the farm for the past two years and acreages for other land use on the farm.
The Conservation Reserve is the only Soil Bank program available for 1959. Under the program, farmers retire land from general crops for up to 10 years and devote the reserve acreage to land, water, or wildlife conservation practices. The Government makes an annual rental payment for the land and will also share in the cost of establishing the conservation practices.
The average rental payment rate for Conservation Reserve land in Nicholas County in the 1959 program is $17.50 per acre per year.
Maximum payment rates will be higher for the most productive farms and lower for less productive farms.
For farmers who request it, the county committee will figure two sets of maximum annual rates, Chairman Vice said. One will apply if only part of the eligible acreage on a farm is placed in the Reserve. Another rate, 10 percent higher, will be available if all eligible land on a farm is put in the Reserve for at least 5 years.
After maximum rates have been determined for a farm, the farmer will have two weeks in which to decide on participation, designate land for the Reserve, and apply for a contract. Land may be offered at less than the established maximum to increase the chance of acceptance in case there are insufficient funds to cover all offers. The signup phase of the program closes October 10, 1958, and all requests for establishing farm rates must be received by that date, Chairman Vice said. The deadline for applying for contracts is October 24, 1958.

In the Service

Spending Leave

YN-3c R. G. Brady is spending a leave with his mother, Mrs. Mrs. Gayle Brady of Route 3. He will report back to the U.S.S. Lake Champlain in Norfolk, Va. Sept. 12. He has served in the Captain's office aboard this ship since Sept. 1, 1957. Yeoman Brady relates that it was with great sorrow the men who had been associated with Chief Boatswain's Mate Woodrow Farley, learned of his sudden death Aug. 13. Chief Farley was a very intelligent and likable person. He was a brother of Mrs. Paul Donovan of this County.

Clark is new state wildlife commissioner

Frankfort, Sept. 4—Minor Edward Clark is the new commissioner of the Kentucky Department of Fish and Wildlife Resources.
He was named by the Fish and Wildlife Resources Commission to succeed Earl Wallace. Clark has been active commissioner while Wallace was on sick leave.
A graduate of Waddy High School and Eastern Kentucky State College, Clark, 45, took graduate work in ichthyology at Western State College and the University of Kentucky, where he did research in fisheries.
A former school teacher, he became chief biologist of the old Fish and Game Commission in 1938 and in 1940 was named superintendent of fisheries. As a lieutenant (j.g.) in the U. S. Navy, he was chief fisheries officer and mapped plans for Japanese fisheries in occupied territory.
Clark returned to the department in 1945 as biologist and supervisor of fisheries and later was named assistant commissioner and director of fisheries.
Nationally recognized for conservation work, Wallace has been commissioner since 1944. The junior conservation club program developed by him has served as a guide for similar programs in other states. His articles on wildlife have been widely reprinted.
J. T. Cox, who has served as farm pond management supervisor and assistant director of fisheries, will head Clark's administrative assistant. Bernard Carter, Frankfort, chief fisheries biologist, was named director of fisheries.

Family Reunion

The Hugh Henry Family Reunion was held Sunday, August 31, 1958 at Keenland near Lexington, Ky. A group of the Henrys with their relatives and friends enjoyed gathering together for the thirteenth consecutive time since the first meeting that was held at Woodland Park in 1946. Some of the families have attended each meeting and more had only missed a very few. It was taken to a vote, whether to only meet every other year or once each year, and after very convincing talks by some of the most able speakers the majority voted that we continue having the meetings once each year and a committee of three were selected to decide on the place and time for the next meeting.
