**But Why Don't You Pray To The Saints?**  
Praying to the Saints, we know, is a Catholic practice. Many other people, it seems, regard the practice as silly, foolish and even idolatry. They imagine the prayers of the saints are like the prayers of the James, we find "And pray one for another, that we may be healed" (James 5:16).  
If God heeds the prayers offered by a loved one in behalf of another, how much more readily will he listen to his prayer, the Saints in Heaven, who are in a position to know the needs offered in our prayers to Him? If He heeds the prayers offered by a loved one in behalf of another, how much more readily will He hearken to the prayers of the Saints in Heaven, who are in a position to know the needs offered in our prayers to Him? If He heeds the prayers offered by a loved one in behalf of another, how much more readily will He hearken to the prayers of the Saints in Heaven, who are in a position to know the needs offered in our prayers to Him?
