King keeps the Ellisville School spic and span. Mr. Curtis Ritchie fires the furnace there. Others are John Harrett-East Union. J. B. Jacobs-Moorefield. William McFarland-Myers. Hudson Snapp-Nicholas County High. Robert Dampier-Parks and Clyde Snapp-Nicholas County Grade.

Mr. Barrett remarked. When the furnace breaks down is a good time to get Mr. Wesley out for a visit. We cannot overlook the fact that our County School Superintendent is a very versatile person and helps to keep repair bills to a minimum.

Statistically speaking, did you know that the heat bill will average around $3.80 per school child and the electric bill is around $2.45?

Mr. Kelley Barnett takes care of the major plumbing and furnace repairs. Mr. Cecil Robinson keeps the refrigerators in the kitchens in excellent repair.

The County schools are served by the following utility companies: Harrison County RECC, Fleming-Mason RECC, and Kentucky Utilities.

NOTED—An article in last Thursday's Lexington Herald observed the following. "Grimes Caywood started writing for newspapers when he was a high school student and he's been an active journalist ever since, except for time spent in the Army during World War I and World War II. He advance to the rank of Lieutenant Colonel during World War II. His services to the Leader date back to September 1944 . . . During the 18 years prior to World War II, he was news editor of his hometown weekly newspaper, The Carlisle Mercury."

Watt honored by Ky. Press

In a state where rugged individualism tertium, a favorite reaching transmission network, and "every farmer for himself" spare to interrupt service, Robert M. Watt has made Kentucky Utilities Company synonymous with dependability.

In the location of new industry and business support of higher education Kentucky will long be in debt to him for his dedicated interest, sage counsel, and untiring efforts.

Since July, 1957, Bob Watt has been chairman of the board and chief executive officer of Kentucky Utilities Company for 2 years before that, he was KU president.

He has just been re-elected

Science, math on the march at city high school

Sputnik has brought about a great movement of putting extraordinary emphasis on math and science in this country and Carlisle high school is certainly in line with this movement.

Math and science are being increased more in the elementary school so the student will be better prepared to cope with the speeded up science and math program of Carlisle high school.

A student at Carlisle high school now has the opportunity to study science in as good an environment as can be found anywhere in the state. He gets to work in a modern laboratory with the latest in equipment. He can now get four full years of laboratory science. A general science course is offered to freshmen. Sophomores may take biology. Physics and chemistry are offered in alternating years. This gives the student an opportunity to take both courses. Teachers in the science department are Tebay Rose and Mrs. Bill Ed Leedy.

The math department under the leadership of Gayle Bowen is being regulated to give the student a full four years of mathematics. He may have a choice of algebra I or general math in his freshman year. If he takes algebra I in his freshman year he can take plane geometry his sophomore year. Algebra II his junior year and in his senior year can take one semester of solid geometry and one semester of trigonometry.

We believe that our graduates who really want to get into the field of science and mathematics will be prepared to step into their fields at any college in the country.

March 31 ends '58 wool market program

Chairman H. S. Vice of the Nicholas Agricultural Stabilization and Conservation Committee today reminded farmers that the marketing year under the 1958 wool program will end March 31.

The wool program is conducted under the National Wool Act of 1954. Payments under the 1958 program will be made this summer when the payment rates are determined on the basis of national average prices received by producers for shorn wool during the 1958 marketing year. Any marketings after March 31 will be eligible under the 1959 program.

If any conditions concerning the sale is not settled by March 31, the sale will not be considered as completed. Title must have passed to the buyer. The wool must have been delivered to the buyer (either physically or through documents), and the last of the factors (price per pound, weight, yield, etc.) needed to determine the total purchase price must be available.

Applications for payment under the 1958 program must be filed with the county ASC office not later than April 30, 1959.

LAST WEEK'S MYSTERY FARM must wait identification by the owner. In the meantime bring your guesses to The Carlisle Mercury. The owner or operator is asked to stop by the office and make a positive identification and pick up their free photograph.

Ask subscribers to notify Mercury of address change

Subscribers to the Carlisle Mercury who have moved, or are moving in the near future are urged to notify the Mercury of their new address so that they will receive the publication without interruption.

Sheep Parasite control meeting here Monday

Sheep Parasite control will be the subject to be explained on Monday afternoon, Feb. 9 at 1:30 p.m., slow time at the court house, County Agent William T. Straw announces. R. C. Miller, Sheep Specialist from the University of Kentucky will be present to explain parasite control.

During the past three years and especially during the 1958 season internal parasites in sheep has caused extensive trouble in Nicholas County. All indications are that this problem will be very bad again this year due to a heavy build up of internal parasites. Mr. Miller will explain some new steps that should be taken immediately on internal parasites so that Nicholas County's lamb crop will be productive of high quality. All Sheep producers of the County are invited to attend this meeting on Monday afternoon.

"HARRY S."—Warner Lowe with Ruth Lyons and Tony Sands last Wednesday. Mr. Lowe and wife and several others attended the 30-50 club at WLW-TV. Mr. Lowe was introduced as looking like Harry Truman, and Miss Lyons first question was, "Harry do you play the piano." Lowe finally had to admit that he wasn't that much like Harry. Others attending the show were Mrs. Mason Bryant; Miss Peggy Bryant, Mrs. Horace Bell, Mrs. Adrain Anderson, Mr. and Mrs. Rubel Williams, Mr. and Mrs. Harvey Wagoner, Mrs. Dorsey L. Watkins. The Wagoners, Williams and Lowes were all celebrating their wedding anniversaries. The Lowe won a camera and train case, Mrs. Lowe a plastic rain coat and Mrs. Williams an ice bucket.

County Farm Bureau report made by president James Lowe

The results of our Policy Development questionnaire which was mailed to all Farm Bureau members last fall are being made public for the interest of all concerned.

It is very interesting and encouraging to know that 321.3% of our 430 members were interested enough to answer this questionnaire. This is a 13% increase over the past year in which only 20% answered.

It is from the results of this questionnaire and a county meeting, to which all members are urged to attend, that our resolutions and recommendations to the Kentucky State Farm Bureau are made.
