No more waiting for hot water to 'catch-up' with an ELECTRIC WATER HEATER
With our new water heating plan, you never have to wait for an electric water heater to "catch-up" with your water — never have to wait for hot water for any need.
Electric water heating now provides even more hot water at our low rate... faster recovery... plus the safety, cleanest, most trouble-free service.
2¢ a bath is all you pay to heat water the safe, clean, electric way. This is the average cost with our low rate.
Now is the time to buy an ELECTRIC water heater. See your dealer or plumber. Or ask us how the supply of hot water from your present electric water heater can be increased at small cost without buying a new one.
