SUNDAY SCHOOL SECTION

CHRISTIAN SCIENCE

The vital importance of having a strong, spiritual foundation will be stressed at Christian Science services Sunday.

Keynoting the Lesson-Sermon entitled "Truth" is the Golden Text from Deuteronomy (32:3-4): "Ascribe ye greatness unto our God. He is the Rock, his work is perfect: for all his ways are judgment: a God of truth and without iniquity, just and right is he."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (481:8-9): "Through spiritual sense only, man comprehends and loves Deity."

Scriptural selections to be read include the following (Psalms 18:30,31): "As for God, his way is perfect: the word of the Lord is tried: he is a buckler to all those that trust in him. For who is God save the Lord? or who is a rock save our God?"

Short form 1040A saves time and may save money

That short Form 1040A you got in the mail will save you time and, eventually money if you can use it.

The time saving, said Wm. Gray, Director of Internal Revenue for the Kentucky District, will come from the greater ease and speed in filling out the card.

The money saving, he said, will accrue first to Uncle Sam and later to the taxpayers in the form of reduced expenses.

He explained the short cards can be processed at far less expense than it costs to process more complicated forms.

"The card you received in the mail," Mr. Gray said, "is pre-punched especially for your case so that it may be processed faster and at even less cost.

Taxpayers having incomes up to $10,000 may use the simple card Form 1040A in filing their 1958 Federal income tax return.

Husband and wife may file a joint return on Form 1040 A if their combined income is under $10,000.

Form 1040A applies to taxpayers whose income consists of wages reported on Form W-2 and not more than $200 in dividends, interest and wages not subject to withholding.

"As in past years, taxpayers with income under $5,000 may figure their own tax or have Internal Revenue do it for them.

"Since the law does not extend this privilege to incomes up to $10,000, taxpayers having $5,000 or more income must figure their own tax."

Mr. Gray said taxpayers are not permitted to use Form 1040A if they wish to claim (1) "head of household" or "surviving spouse" status; (2) dividends received credit or retirement income credit, (3) "sick pay," (4) estimated tax payment credit, or (5) if either the taxpayer or his wife itemizes deductions on page 2 of a separate return on Form 1040.

"If you incur expenses for your employer," Mr. Gray said, "and he reimburses you for the actual amount expended, or if he allows you subsistence or mileage for travel of not more than $15 a day and 12½ cents a mile, you still may use Form 1040A, provided your expenses equal or exceed the amount of reimbursement.

"On the other hand, if the amount of reimbursement (or allowance) is more than your actual expense, or if you wish to claim the amount of your expense in excess of the reimbursement, you must use regular Form 1040."

Mr. Gray said if the taxpayer computes his own tax and finds additional tax due, a check or money order must accompany the return and should be made payable to "internal Revenue Service."

Peek at the Stars

By LYN CONNELLY

"THE cry of 'Nobody bands are coming back" has been raised periodically in the past few years but recently there have been growing indications that such might be the case, according to Capitol Records' Music Views.

The interesting thing is that the revival is happening in the same bands that made it the first time around. . . . The Glenn Miller ork, under the baton of Ray McKinley, has been doing very well, and so is the Benny Goodman band . . . The Tommy Dorsey outfit with handsome bonnie Warren Covington at the helm has been making the rounds of full tour of one-nighters and has had a single record of hit proportions, "Tea for Two Cha-Cha" and the record seems. Glen Gray's "The Sounds of the Great Bands" album on Capitol has been a big seller. An album 5-star-ring vocal arrangements of dance band themes recorded by the Clark Sisters has also been successful. Eventually each generation gets around to thinking that their parents' had some pretty good music, too. Should rock 'n roll fade out completely you can bet it will be revived as something "brand new" in about 1975 (survive it again? Oh, no!).

PLATTER CHATTER

MERCURY—Jane Vale has her first big hit on this label with "The Wedding," an unusual type of ballad that is bound for lifestyle. Reverse has "Lunch Hour" which comes about 20 years too late for Jane . . . Who Mercury would stop giving three cooing, gurgling vocal songs—especially school songs — to old-timers Vaill and Patti Page . . . Especially when they have a legitimate songer with a great voice in Jay Layne who would jap up "Lunch Hour" and "Pitiful." Tony Bavaretta debuts impressively with a pretty Italian ditty, "Come Prima" backed by "Condannami."

Sonny Dekger, always great, comes up with "Shoppin' Around" and "With This Ring" that have a good commercial sound.

Anyway it gave us something to work on for a little while. From the Post Office Department's official directory it carries this notation under Alaska "Do not abbreviate".

* * *

If you breathe a sigh of relief after hearing the weather bureau report the snowstorm will not reach your area, you must be over sixteen.

* * *

Look at it this way—if you don't receive a large salary—of course you don't have to pay a large income tax.

* * *

Here is something to figure out—that vaguest of measurements just how far is within walking distance".

Hello Everyone!

As you probably know, we lost the ballgame against Mt Olivet last Tuesday a week ago. We played Georgetown Tuesday night and won 69-43. Tomorrow night the team travels to Montgomery County. Mr. Sterling must have a box on us but we're hoping our Musketeers will overpower it. Won't you join us in rooting the team to victory?

Tuesday ended the first semester I never saw as many long faces in my life as there were on Monday. All the teachers decided to review last week and everyone (well, almost everyone) gave their tests on Monday. Everyone was cheerful on Wednesday, but there'll be longer faces when those little yellow cards are handed out. I imagine.

The F.H.A. girls will present a program in chapel Thursday morning. I like their idea of very cute, and original way to show the students what the home-ec classes have been studying. Even the boy home-ec students have been getting down to take part.

Friday night and Saturday the State Executive Council of F.H.A. will meet at Camp Cave. Emma Lou George will attend since she is state secretary. We'll miss Emma Lou at the game but we know she is going to go to Mammoth Cave. If all F.H.A. members were as active as Emma Lou, our motto could be "See the World—Join F.H.A."

I told you earlier that the Seniors would be taking their pictures second semester. It's going to be very strange not having English under Miss Nancy. But then she deserves a rest. Now that I think about it, I don't know whether I'd call the Sophomores a rest. Mrs. Kerns gets the Seniors and Miss Nancy takes the Sophomores. The question is "Which one got the bargain?" Forgive Mr. Sonders, we know the answer, don't we?

As our last English assignment, the Seniors were to write our own class night program. Some of us had very good ideas. With a little work, we should have a superb class night program.

Well, folks, looks like we're going to be as busy the second semester as we were the first.

I'll tell you more next week.

Nicholas County school library

by Miss Truman Richey

Our attractive library at Nicholas County High is one of the most used and vital centers of the school. We have a full time librarian and several pupil assistants. Our reading room is large enough to seat 31. It is equipped with 10 standard library tables, wood chairs, a charging desk, a vertical file, a card catalog, an atlas stand, a dictionary stand, bulletin boards, magazine shelves, and book shelves. Three new sections of book shelves are in the process of being added now.

Because of the increased enrollment our average library attendance per period is 68. The readers range from the eighth grade through high school.

The library receives copies of two daily newspapers and copies of the two local newspapers. It subscribes to 35 magazines.

Present standards for library service in Kentucky require a minimum of $1.25 per pupil for library books and materials. Books are selected primarily for what they have to say to young people. There is a need to make available a collection of books which can in some measure help young people attain maturity of outlook and integrity of judgment and which will open to them the entire field of adult literature.

At Nicholas County high school we have a Library Club with 41 members and the following officers: President — Sylvia Hardin; Vice-President —Sallie Poole; Secretary—Rebecca Gaunce; Treasurer—Linda Caswell; Reporter—June Smith.

Books make nice gifts for boys and girls. I shall mention a few publications. Any boy would be thrilled to read the adventure stories as "Come North With Me" by Jim Kjelgaard. The Brooks "Legend" by William Donahue Ellis, or "Thunderbolt" by Robert S. Johnson and Martin Caidin.

Girls would enjoy reading "And Promenade Home" by Agnes DeMille, "As a May Morning" by Grace Allen Hogarth, or "A Flower of Araby", by Helen F. Daringer.

In 1954 Nicholas County was one of the 100 counties in Kentucky to qualify with the Library Extension Division at Frankfort for bookmobile service. This service has been extended to N.C.H.S. Library through regularly scheduled visits by the bookmobile. This service increases the number of books we can offer our students and teachers and enables us to have a better library program.

A bargain . . .

if there ever was one

Twenty-five years ago, medicines for pneumonia cost only a dollar or two. But one out of three patients died.

Today, pneumonia patients are normally up and around in a week . . . few die. Indeed, today's medicines are bargains.
